Car Stock Gains Strength as Dividend Is Announced.

Associated Press Despatch.

New York, Dec. 21—Wall Street, noon.
Periods of heaviness and strength characterized the morning market, with the volume of business slowing down in view of the approaching holidays.

American Car railied strongly on the declaration of an extra dividend of 1 per cent, but it broke through its early low before noon on the heavy offerings of speculators, who apparently had ordered a larger distribution. Jones Bros. Tea, which was heavy at the start on the passing dividend, made up its loss before noon. Low-priced oil, food and leather shares held fairly firm, while selling pressure was effective in the American sugar refining issues. Davison Chemical and National Lead. United States Cast Iron Pipe jumped 4%, and American Radiator 3%, each to new 1923 highs. Call money opened at 4% per cent. Ajax Rubber ...

He unearthed Ingersoll, Oct. 20.-In recognition of her faithful services as planist at the mid-week services, Miss Carrie Hutt Mr. Ballah's hands. He unearthed the object, which proved to be an old Indian stone used to grind grain. It is about two feet across, is hollowed out in the centre, and the fortunate part is that the stone with which the grinding was done was buried there, too. The field in which the stone was found has been plowed for the past twenty years, and a number of smaller relics, such as arrow heads, etc., have been found. Mr. Ballah set his plow point about two inches deeper than usual when he struck the stone. Evidently the Westover farm was a regular Indian camp in the old days, for Mr. Ballah tells that several times he has dug down for a depth of four and five feet and discovered the was the recipient of a purse of gold from the session of St. Paul's Pres-byterian Church. Miss Hutt has been a very active worker in the church and an address read by R. J. Robert-son, clerk of the session, spoke appreciatively of her efforts.

New York, Dec. 20.—Raw sugar today was steady and unchanged on the
spot at 5%c, cost and freight, for Cubas
equal to \$7.41 duty paid. The only sales
reported were 20,000 bags of Cubas,
first half February shipment, to a rocal
refined at 4%c, cost and freight, equal
to \$6.65 duty paid.

The calling of a railroad strike in certain sections of Cuba prompted a flurry
of covering at the opening of the raw
sugar futures market, and first prices
were 2 to 8 points higher. The advance attracted considerable liquida
tion, however, and part of the uptur
was lost, so that final prices were only
1 to 4 points net higher.

Only a light demand for refined sugar
prevails, and while list prices were unchanged at \$8.80 to \$8.96 for fine granulated, practically all refiners were
accepting orders at the inside figure.

Refined futures were nominal.
