

# THE FOUR REMAINING SHOPPING DAYS

Will be eventful ones for those shopping at THE BIG STORE. For these last days we have an array of values that are, to say the least, out of the ordinary. Since the first of the month our store has been crowded every day, and our facilities will be tested to the utmost for the next four days. However, we have a largely increased staff, and will be able to give you the best of service. Kindly shop as early in the day as is possible.

## SPECIAL FOUR DAYS' SALE OF FINE CHINA

For the next four business days we intend making things hum in our Crockery Department. We have gone over our stock thoroughly, and have grouped lines at the following prices mentioned. Many of these articles are worth far more than the price asked, some are worth double, but our desire is to give unusually good values for the remaining days before Christmas. You will be surprised to see what you can buy High Grade China for. Nothing but buying in large quantities and for cash enables us to offer such values. You will see articles here at less prices than many dealers can buy them for, and all the difference in price is a saving to you. Our entire Broad Street window space is devoted to a showing of special values in China.
