It May Be Pneumonia

"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

CATARRH NOT HOPELESS

It has been Cured Scores of Times by
Father Morrice's No. 26.

It is customary for many sufferers from catarrh, and even for many doctors, to despair of curing this annoying and dangerous disease. Nevertheless, if correct methods are adopted, there is no reason why catarrh should not yield to treatment within a reasonable time.

The failure to cure is to be attributed to the failure to apply a comprehensive treatment which will not only alleviate and remedy the abnormal local conditions, but also go to the real seat of the trouble.

Father Morrice, the learned priest-physician, after much study and experience, was successful in devising a combined treatment which has proved to be the solution of the problem. His No. 26 consists of tablets, to be taken three times a day, together with a healing antiseptic salve for the nostrils.

The tablets tone up and invigorate the system, and assist Nature not only to throw off the disease, but to guard against future attacks. The nasal salve clears out the diseased secretions and heals the delicate membranes.

No. 26 has often cured catarrh of long standing, but it is much wiser to take it in time. Otherwise, catarrh is almost certain to lead to more serious diseases, but often causes disorders of the stomach and bowels. Do not put it off, but take Father Morrice's Combined Catarrh Treatment now, and prevent serious troubles.

When, by its aid, Nature has not only cured the local disease but also built up the system against future attacks, you will find your general health tremendously improved.

At 50c. for the combined treatment. At your druggist's or from Father Morrice Medicine Co., Ltd., Chatham, N.B.

PASPEBIAC WEST

Paspebiac is enjoying very fine autumn weather just now and the grain is beginning to look like Canada's golden corn fields. The farmers are quite pleased with the look of things this year and expect a bountiful harvest.

We are all pleased to receive our copies of the Graphic and hope it will soon be up to its former place in its fire stricken town where it flourished a few months ago.

It is quite a while since Paspebiac has had as many visitors as this summer has brought. The place seems quite lively.

Mr. and Mrs. Bisson with their son Willie and their daughter Mrs. Quinn of Tacoma, Wash. are visiting Mr. D. Bisson, Sr. They spent about six weeks here among their many friends, also paid a short visit to Bathurst as well as along the coast as far as Gascons. They returned on Monday to their home accompanied by Mr. and Mrs. Newman and family who are going to make their home in Washington. We all wish them a prosperous and safe journey.

Mrs. Geo. Ransom and her little son Victor who had been the guests of Mr. C. E. LeGallais left for their home in Montreal on Aug. 29th.

Misses Hazel LeGallais and Olive Bisson left on Monday 29th for MacDonald College where they intend to spend the winter to "the tune of the hickory-stick."

Misses Evelyn, Irene and Muriel Traverse passed through here en route to St. Anne de Bellevue to enter MacDonald College. Miss Marjory Travers accompanied them as far as New Carlisle only returning to her home on Saturday last.

Mr. F. Mallory spent Saturday and Sunday and part of Labor Day in Port Daniel the guest of Miss Sarah Miller.

Mr. McElymest has been a guest at Scott's Hotel for the last ten days.

Mrs. P. LeGresley has returned to Paspebiac accompanied by her little son Reginald.

Mrs. D. Bisson, Jr., is visiting her home in New Richmond.

Mr. and Mrs. Ed. LeGallais have returned from Montreal where they have been visiting their daughter, Mrs. LeBoutillier.

Rev. E. A. and Mrs. Dunn have gone to Halifax to attend the services in connection with the 200th anniversary of the Church of England in Canada.

MADE AN ARREST

A young man who conducted a restaurant at the upper end of Water St. and who was accused of selling liquor illegally was arrested on the Maritime Express while he was endeavoring to leave town quietly in company with a young lady. Officer Savoy was on the lookout for him and discovered him stealing a ride. The train was stopped near the bridge and the prisoner brought back to town. The young lady proceeded on her journey to Moncton.

Many friends on the North Shore will be pleased to learn that Mr. A. B. Curtis of the N. B. Telephone Co., St. John, but formerly of Campbellton is soon to join the ranks of the benedicts. Mrs. C. Gleason of St. John announces the engagement of her daughter, Miss Mae, to Mr. Curtis.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

President Snowball at the meeting of the Maritime Board of Trade at Chatham said:
"I would suggest to towns in these provinces the encouragement of small industries, natural to the place, started is possible by local men that know the business, and that will grow naturally, rather than big industries induced by bonuses, grants and exemptions, that often fail and leave the place worse than before. We have people with money who could go into the manufacturing trade that would build up our provinces in population and increase the value of properties they selfishly prefer investing in bonds, stocks, lands in the west and get-rich-quick schemes." Here is a suggestion for destitute people. Campbellton has a couple of very desirable factory sites which should be utilized.

Children Often Need a laxative—but you cannot be too careful what you give them. Harsh purgatives injure the bowels and pave the way for life-long troubles. The new evacuant in
NA-DRU-CO LAXATIVES
does the work most effectively without irritating the bowels or causing any discomfort. The children like them for they taste the candy. One of the most popular of the NA-DRU-CO preparations. 25c a box. If you druggist has not stocked them, send this ad to National Drug and Chemical Company of Canada, Limited, Montreal.

SAVED FROM THE KNIFE

Appendicitis Cured By "Fruit-a-tives"

NEWBURN, ONT., Feb. 12th, 1910.

"Just about a year ago, our daughter Ella, (fourteen years), was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation."

We took her to a hospital in Kingston where she was again examined by an eminent specialist. He said she had Appendicitis and must be operated on at once if we wanted to save her life. As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and cried and begged so pitifully, that we postponed it for that day. Luckily for us and for her, an uncle came in with some 'Fruit-a-tives' and insisted on Ella taking them. Good results were apparent, almost from the first dose, and the continuous treatment cured her."

"Fruit-a-tives" saved our daughter from the surgeon's knife and to-day she is enjoying the best of health."
J. W. FOX, (Father).
LILLIAN FOX, (Mother).
Words cannot express the gratitude of Mr. and Mrs. Fox. And Miss Ella will always remember "Fruit-a-tives"—the discovery of an eminent physician, and the only medicine in the world made of fruit. 50c. a box, 6 for \$2.50, or trial box, 25c. At dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.
