#### KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is

#### wiser now, and knows that SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected,
the disease perpetuates its taint through
generation after generation. Among its
earlier symptomatic developments are
Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erystjelas,
Purulent Ulcers, Nervous and Physteal Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases,
Tubercular Consumption, and various other dangerous or fatal maladies, are
produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effects all an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

cannot compel them to do so. I have never heard of settlers paying stumpage on shingles, wood or poles for their own use in this settlement, nor do I believe that they ever have done so. In reference to the \$2,000 due by the Government to Acadiaville and Rogersville, I can only state with regard to Acadiaville. Prior to 1879, the Government paid \$30 to each applicant who had complied with the settlement conditions. Since that date the law was changed to expend \$30 on the road for each new allottee. Since the date referred to, the Government have expended more than \$30 for each new applicant. Of course the ment have expended more than \$30 for each new applicant. Of course the \$30 was not paid to settlers changing locations, as it is so common for settlers to do this, the Government does not give a bonus.

On the whole, I must say that the Rev. gentleman's communications is nearly all made up of statements calculated to mislead the general public, and to make the settlers dissatisfied with such treatment as the officials are bound, according to law, to extend
