Relief in the Whitechapel District During the Regime of Jack the Ripper Were Murdered by Him—He Also Confesses the Killing of his Wives.

Melbourne, March 37.—Considerable extinent published by The Argus, which desided that Deeming, the murderer, had nade a confession.

There has been a strong suspicion entersianed here and in England that Deeming is anned here and in England that Deeming is alone other than the notorious "Jack the Ripper," the slayer of Whitechapel, ELondon, sutcasts, and this suspicion is borne out in a purchast, and this suspicion is borne out in a creasure not only by Deeming's appearance, which closely tallies with the description given by the Whitechapel fiend, but by his illeged confession. The Argus is a reliable herwapper and there is no reason to doubt the truthfulness of the statements it makes to keep the hard for a mile. Pipes will be laid into all of the factories and the cost of motive power will be lessened fully one-half. The saving to the manufacturers may be easily seen.

At each the volume of gas was perceptibly increased, but at the third tho pressure tremendous. The rivar of the camping gas through a two-inch proposed to the volume of gas was secreptibly increased, but at the wonderful results, and a bug boom for New Toronto was set down by all for the immediate future. Pipes will be laid into all of the factories and the cost of motive power will be lessened tully one-half. The saving to the manufacturers may be easily seen.

Thomas Eelectric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of bronchitis and soreness of nose; whife not a few of my 'rheumatic neighbors' (one old iady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such, I shall be only too happy to have my name connected with your prosperous child."

To-night's meeting in Shaftesbury Hall under the auspices of the Toronto Young Men's Liberal-Conservative Association promises to be one of unusual interest. A

GAS IN BIG QUANTITY.

The gas well put down by the New Toron Gus Company a short time ago was developed on Saturday in a way that has put the ideas of the promoters away up in the cleuds. Mr. O'Hara arrived on Friday at

that her murderer was not Deeming. They say they were at one time close upon the murderer's track, but afterwards lost all trace of him. They learned enough, however, to know that Deeming did not kill her. They admit, however, that if the confessions refer to the murder of Alice Mackenzle, which occurred in 1889, and of Mary Kelly, which was committed in 1888, it is possible Deeming is telling the truth.
