# Farms For Sale

A Remarkable Well A remarkable well is situated on the farm of Mr. David McEuchran, in Exfrid town-ship. While boring for water a few days ago a bed of gravel was struck which gave a fine yield of clear water. Boring was con-tioned to the och water.

tinued to the rock, where gas was enounter-ed. The well was piped and is now yielding a good supply of both gas and water. The water comes up in a boiling state, owing to te being mixed with gas, but the gas im-

mediately disperses, leaving the water clear as crystal.

## You're Only Half Sick.

But nevertheless you teel pretty "seedy." Best prescription is Dr. Hamilton's Pills; best prescription is Dr. Hamilton's Fills; they tone up the entre system, strengthen the stomach, elevate your spirits and make you teel better in one day. It's by cleaning the body of wastes, by purifying and en-riching the blood that Dr. Hamilton's Pills recompliant are mark to be strengthere. Accomplishes on ouch. Very mild, exceeding-prompt, and guaranteed in every case. Your druggist sells Dr. Hamilton's Pills of Mandrake and Batternut in yellow boxes, 25c each, or five for \$1.00. Get the genuine.

#### Religious Note.

The Salvation Army workers in India are using regularly, as their rule and book of devotion, the manual of the Third Order of St. Francis.

Jas. Carruthers, near Melbourne, has over \$7000 worth of buildings on his farm.

# BY-LAW NO. 2, 1906.

A By-law to repair the drain from lot 12, in Township of Warwick, westward to cut-let, along the Boundary line between the Township of Brooke and Warwick, in the County of Lambton.

Whereas complaint has been made to the Municipal Council of the Lownship of War-wick by residents of said Township that the ditch or dram along the Boundary line be-tween said Township and the Township of

-ALSO AGENT FOR-Brooke is out of repair. And whereas said ditch or drain was

And whereas said ditch or drain was originally constructed and improved partly by funds of both Townships interested, and partly by statute labor and subscriptions from parties benefitted. And whereas the said Council of the Township of Warwick acting under Section 76 of the Municipal Drainage Act, has pro-cured an examination to be made by C. A. Jones, E.q., D. L. S., being a person com-petent for such purpose of the ditch or drain proposed to be repaired and of the lands and roads liable to assessment under the "Municipal Drainage Act" and has also procured pluns, specifications and estimates of the drainage work to be made by the said C. A. Jones, E.q., and an assessment to be made by hum of the lands and roads to be benefitted by such drainage work and of other lands and roads liable for contribution thereto, stating as nearly as he can the

wick. GENTLEMEN :--In compliance with instructions received from your Honorable Body I have made an examination of the drain on the Town-line between the Township of Warwick and Brooke in front of Lots 3 to 11 inclusive of War-wick and extending a short distance in on to repairing and improving the said drain to be known hereafter as the "McGill Drain." I learned that this drain has been constructed labor, private contributions, grants ont of gener-al funds &c, but I believe without any definite system of levels so that in some places it is quite a large drain and in others quite small and in-sufficient to prevent it overflowing and flooding in times of freshet. I consider it would have been better, had the upper portion of this drain not been carried so far west along the highway without allowing it to follow more closely the natural trend of the water as it has, necessitated cutting through a couple of pronounced ridges, one near the 6-5-side road of Warwick and the other near the 6-5-side road of Brooke, whereas had the drain at some point a little east of each of these ridges deep cuts which are objectionable, particularly or, the highway, would have been avoided, and this drain from a point near the 6-5-side road ould have continued westerly along the highway to its present outlet without any serious objection. However as these cuts are already made and only require a little deepening for the present could have continued westerly along the highway to its present outlet vibout any serious objection. However as these cuts are already made and only require a little deepening for the present could have continued westerly part of to no. 7 Talso find that the Branch Drain on the north-rity side of the townline opposite the easterly and there brought to it by the Leach award drain and other private drains as "Main Drain" I natstake doing nrains cond in ave in-cluded this in my scheme for the proposed work and have designated the drains as "Main Drain" in statio Con. LOCAL OR OTHERWISE.

A BOTTLE of camphor or oil of cedar with the cork left out, if hung on a hook in the closet, will keep away moths with-out imparting a disagreeable odor to the clothing.

Owing to the numerous fires in Port Huron it is reported that a number of in-surance companies will withdraw from business there. The officers claim it is unprofitable to continue in the field.

VII rules over more Mohammadens than the Sultan or Turkey, over more Hebrews than there are in Palestine and over more negroes than any other sovereign who is not a native of Afria.

care should be taken taken that towels or any articles that are at all damp should be dried before beingput into the general re-ceptacle of soiled clothes, particularly in summer, as there is danger of such articles being mildewed.

WE heard on the street the other day of a man who claimed he was too poor to take his home paper, but all the same he read a notice in one of -our neighboring Republic papers, itelling how to prevent a horse from slobering and sent \$1.50 for the receipe. When the \$1.50 worth of infor-mation came it said : "Teach your horse how to spit."

FARMERS, who secure the services of Old Country men or women, should be-considerate. These people in many in-stances are not accustomed to either the hours or the methods of Canada, and while willing to work and anxious to get on, they may easily be discouraged if pushed too rapidly at first. They will work in all right, but give them a chance. Warwick Signs.uu SPECIFICATIONS. The drain is to be dug to the depths and di-mensions shown and figured on the accompany-ing profile with sides sloped 1 horizontal to r vertical and the bottom an even grade between

vertical and the bottom an even grade between stations. The finished depth of the ditch is to be meas-ured from the ground beside the stake on the side next the drain. Should any error appear in the figured depth at any stake the grade of the bottom is to be made to conform with that shown on the profile. From st o to 25 on the Main Drain and 9 to 31 on the Branch, all the earth is to be cast between the drain and the fence and evenly spread, at least 3 it clear of the edge of the drain when prain the earth is to be cast between the drain and the fence and evenly spread, at Drain the earth is to be cast about equally on each side of the drain and from 282 to 292 it is to be placed in the lowest ground, filling the, old channel where it is abandoned by the new course of the drain. persons. The examination of insane per-sons, dangerous to be at large, is taken from the County Judges and Justices of the Peace will now make examination. Municipalities that have made a habit of sending them to goal will be compelled to send them direct to the asylum.

As the Guelph Special was returning last Tuesday night and had just stopped at Wanstead to let off passengers some one calling attracted attention. They held the train a few minutes and went held the train a tew minutes and went back up and found a fire-man who had fallen from his engine and had not been missed by his crew. His name is John Anderson formerly of the eighth line and schoolmate and neighbor of a number of the ex-cursionists. He was badly cut about the face and in a dazed condition but was reface and in a dazed condition but was re-

the Dr. came in and dressed his wounds. ALEXANDER REID, a well known ath-lete and a sprinter of his day, died Mon-day afternoon, May 28th, in the general Hospital, of dropsy, aged 56. "Sandy" Reid as he was widely known in the sport-ing wold of the east, and for over ten years in Manitoba, living in Winnipeg. He was a native of London, Ont., and was one of the fastest foot runners of a couple of decades ago. He was the winner of numerous medals, one of which, donated by the late P. T. Barnum, he won in a competition of continental reputation in New York. He travelled in 1876 across the continent, competing with all the notthe continent, competing with all the not-ed hurdle runners in St. Louis, Denver, San Francisco, New York and Philadel-phia. He was a member of the Masonic order, belonging to the Parkhill, Ont., lodge. The funeral will take from Thom-son's undertaking rooms on Wednesday morning at 10.30 to Elmwood ceme-tery.—Winnipeg Free Press.
