**STIR YOUR TEA**

Stir the pot of Tea a minute or so before pouring. This evenly distributes the Tea essence that has been drawn from the leaves, but is lying mostly at the bottom of the pot. You will then get the full flavor from your Tea. And if it is KING COLE Orange Pekoe, note when you stir, the delightful fragrance of the infused leaves. Note also the rich color of the tea when poured—both indications of unusual quality.

**KING COLE Orange Pekoe is different from other Teas.**
