R. J. FULLWOOD & Co.'s

(Late R. J. Fullwood & Bland's)

HIGHLY CELEBRATED

EXTRACT OF ANNATTO

FOR COLOURING CHEESE AND BUTTER.

THE superiority of this truly excellent, pure, and unadulterated Annatto, consists in its producing in Cheese and Butter, that true, permanent bright green we expect to see, so much desired by all Cheese and Butter Factors; and the great certainty and increasing demand has induced Messrs. R. J. F. & Co. to protect the consumers from fraud, by stamping all their preparations with their Trade Mark, as above. A Star with Olive Branch,—to counterfeit which is felony.

IN COLOURING BUTTER it will be found by far superior, and much cheaper than any other article in use for that purpose, and their Cakes Annatto has stood unrivaled for the last 30 years.

J. H. THOMAS'

FIRST PRIZE BEE HIVES!

THE FIRST PRIZE has been awarded these Hives at the Provincial Fairs, and many County Fairs, for the last four years. They also obtained the first prize at the Michigan State Fair, held at Detroit last year. In fact they have always been awarded the first prize wherever they have been entered. During the last four years they have acquired a reputation unequalled by any hives before offered to the public. They are now manufactured by steam power, which will enable me to supply the increasing demand at the following rates, which include a right to make and use both double and single bearded Hives.

Single-bearded Hive..... \$5.00
Single-bearded Observing Hive—Glass in two sides..... 7.00
Double-bearded Hive..... 6.00
Double-bearded Observing Hive—Glass in one side..... 7.00
Single-bearded Observing Hive—Glass in one side..... 6.00
Double-bearded Observing Hive—Glass in two sides..... 8.00

All persons purchasing a Hive at the above rates, (which always includes the right to make,) and preferring to order Hives of me, rather than make, will be supplied at the following prices—
D. B. \$3.50, S. B. \$2.50, or if ordered in lots of three to six, address D. B. \$3.25, S. B. \$2.25, in lots of six, D. B. \$3. S. B. \$2. Hives sent safely to port by rail to any part of Canada. If no hives to one address for thousands, the one who has Bee keepers would do well to form clubs and order three or more hives sent to one address, and thereby save freight.

ITALIAN QUEENS AND BEES!

Having secured the services of H. M. Thomas, one of the best practical apiculturists in Canada, to assist me in breeding Italian queens, I shall be able to furnish any number at the proper season, free from the very latest importations. PRICE \$5 each. I will also furnish limited number of Italian Stocks in the fall, at the following price—In the D. B. Hive \$20, in the S. B. Hive \$15 sent by express at the expense and risk of purchaser. The Canadian Bee keeper's name sent to any address post paid for 25 cents, two copies for \$1. The trade supplied at a liberal discount.

Markets.

Toronto Markets.

"CANADA FARMER" Office, April 14th, 1868.

The produce market continues very dull and inactive, with nothing of interest to chronicle. Prices of grain remain nominally unchanged, though the tendency is downwards. In provisions a firmer feeling is manifest, and there is a better demand.

Flour—The market continues dull. There is little or no enquiry for any grade. Holders are asking from \$7.10 for No. 1 saper in car lots.

Wheat—There has been little or no animation in the market during the past week. Prices are nominally unchanged. Spring wheat is dull of sale. Holders are asking \$1.64 to \$1.65. Fall wheat is also dull and nominal. We heard of no sales. Holders ask \$1.80 for choice. Street prices—Spring midge-proof, \$1.55 to \$1.65; Fall, \$1.75 to \$1.80.

Oats—The market has been rather dull. Small lots have sold as high as 60c, and car loads at 55c—on the street market 60c is the price paid.

Barley—The market is quiet. Stocks are nearly exhausted, worth \$1.50 to \$1.55 on the street market.

Pea—There has been nothing doing since our last report, and prices remain nominal. Street prices \$2.50 to \$3.50.

Seeds—The market is dull and prices are lower. We quote timothy, \$1.90 to \$2.25, clover \$3.00 to \$4.50.

Pork—Unchanged, fed ornly at \$19.50 for m., prime mess, nominally, \$15.

Bacon—Stocks very much reduced, market firm for home trade. We quote Cumberland \$1.75; Canadian cut 8c.

Cut Meats—Scarce and higher, smoked hams 11.4c to 12c, rolls, 11.4c; smoked shoulders 8c to 9c.

Lard—Heavy shipments have cleared the market, and the small quantity retained is held at 12c for the retail trade.

Butter—Market continues dull, only choice finds sale at our quotations, new arriving very sparingly, and has not yet affected the market; sales of No. 1 dairy have been made at 19c to 21c; common dull at 14c to 16c.

Eggs—A lively business has been maintained through the past week, the Easter demand has run up prices to 15c, at which the market closes steady; a decline seems likely to follow, and ship-ports cannot rely upon realizing this figure.
