Hawes' Chart of Universal History.

*Handsomely Colored, New, Novel,
Useful and Cheap.*

Thos. B. Birkneil, Commissioner of Schools,
for Rhode Island, says:

"We have examined a Chart of Universal History, from the introduction of the human race, to the present time. It has been prepared by Stephen Hawes, the author of "Synchronology of Ancient and Modern History," and illustrates in a comprehensive form the origin, growth and decay of nations, and in a manner most graphic and interesting; presents an outline easily filled up by reading and study. The Chart is related to History as the outline map to geography, and appeals to the mind through the eye and the understanding." This map will be of especial interest to students, and will be an invaluable aid to a teacher's library.

\$40 to \$70 a Week Made Selling

**CHINESE
STARCH ENAMEL**

Agents sell from 50 to 100 boxes daily. For Polishing Shirt Bosoms, Collars, Cuffs, &c. Putting on the same Gloss and Hard Pearl Finish as when bought at the store new, at a cost of only one cent per week. Our Pupils. Every person knows that a Polished Shirt Bosom, Cuff or Collar keeps clean much longer than linen not polished, for this reason: The enamel fills up the pores, lays down the nap, puts on a hard pearl gloss, which prevents the dust or dirt from working into the cloth. Therefore, by the use of the Enamel, clothes can be worn much longer without washing.

It is the most economical article that can be used, costing only about one cent to do the ironing of a large family. Warranted not to injure the clothes, but will make them last much longer, because they do not have to go through the process of washing and starching so often. People often wonder why they can get no one to do up their shirts and other articles so nice as when it came from the store. It is because they did not have the secret. They did not use THE CHINESE STARCH ENAMEL.

GRAND OFFER—In order to advertise and bring the Enamel into general use we have adopted the plan of giving away a beautiful Oil Chromo with each box. The Chromos we have selected for the distribution, are not dabs or cheap trash, but are works of art. We would advise agents to take a variety, so that they can suit all tastes, and sell several boxes in each house, as no lady will refuse to buy two or more boxes of the Enamel to secure the different Chromos. We have fifty-six different subjects. The Chromos are all mounted on heavy card board, and ready for framing, size 5x11. Agents, remember that you receive a beautiful Chromo with each box of Enamel. Sample of the Chinese ENAMEL and CHROMO, 9 x 11 inches, sent post paid for 35 cents. Address all orders to
