'LIVERPOOL MARKETS'

LIVERPOOL, Wednesday, Mar. 16.

THE long continued cold easterly wind has at length given way to a warm south westerly with a little rain. This will be very beneficial to the country, and the change in the wind will bring the fleet of ships up which have been baying about the coast for some time past. ¹¹ The weather in the Balti^c is also much milder and we may soon expect shipments from that quarter.

At the London Corn Market on Monday the advance asked checked business and the market closed slow at an advance of 1s per quarter on Wheat, while Flour was only in limited demand at previous rates. Barley, Oats and Peas were without change.

At our Corn Market on Friday last there was a small attendance; and a moderate business was done, although buyers were very unwilling to give the advance, and held off until near the close of the market; wheat was 2d per cental dearer. Flour 6d per sack and barrel, and Indian Corn 3d. per quarter, while Oats and Oatmeal were only slightly dearer. Barley was more in demand at an advance of 2d per bushel.

At our Corn Market yesterday there was an average attendance from the country, but only a very limited business done, at prices little under the rates of Friday. Flour fully 8d per barrel lower and not much doing, nothing doing in Oats and Oatmeal. Barley was in fair demand at full rates, but Indian Corn was not much wanted and sellers seemed inclined to concede in price. Peas, none were nominally asked.

Deliveries of British wheat for week ending 12th inst.
66,476 qrs, against 66,208 qrs in 1869 and 48,457 qrs in
1868.

Imports into this port for week ending 14th inst.
Wheat, 18,012 qrs; Oats, 932 qrs; Peas, 228 qrs; Indian
Corn, 9892 qrs; Oatmeal, 1,116 loads; Flour, 8,994 sks,
and 5,016 barrels

Exports, in the same time were: Wheat, 75,147 qrs; Oats, 7 qrs; Peas, 43 qr, Indian Corn, 1,378 qrs; oatmeal, 25 loads; Flour, 1,694 sacks, and 658 bbls.

Provisions.—Butter, fresh parcels are scarce, but all other kinds are very slow of sale. Lard is better, and more doing in it; Cheese is very dull and sales trifling at 1s decline; Bacon and Hams are not much sought after, and prices unchanged.

Copper.—There has been a fair business this week in Ore and Regulus, particularly to arrive, at prices higher than can be obtained for material on the spot.
