Facts and Figures regarding

Western Crops of 1905

The crop areas and total yields for 1905 in Manitoba, Saskatchewan and Alberta, were as follows :—

	Area in crop	Average yield to acre	Total yield, bushels.
Wheat.....	4,019,000 acres	at 21.6	86,810,400
Oats.....	1,423,000 acres	at 46.6	66,311,800
Barley.....	433,800 acres	at 31.	13,347,800

A host of statistics could not hit harder or speak stronger for the activity and prosperity of the West.

It's all in the land--

Only the wonderful soil and the wonderful climate of the great western provinces could produce these results, and millions of acres of this land still await the plow.

To reach the land--

Is rendered a simple proposition by the splendid service and comfortable trains of the Canadian Pacific Railway.
