# "German Syrup"

**Croup.** We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

ED. L. WILLITS, of Almi, Neb. I give it to my children when troubled with croup and never saw any preparation act like it. It is simply miraculous.

Mrs. JAS. W. KIRK Daughters' College, Harrodsburg, Ky. I have depended upon it in attacks of Croup with my little daughter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammation of delicate throats and lungs.
