CATARRH:  
A NEW TREATMENT.  
Perhaps the most extraordinary success that has  
been achieved in modern medicine has been attained  
by the Dixon treatment for Catarrh. Out of 2,000  
patients treated during the past six months, fully  
ninety per cent. have been cured of this stubborn  
malady. This is none the less startling when it is  
remembered that not five per cent of the patients  
presenting themselves to the regular practitioner are  
benefitted, while the various medicines and other ad-  
vised cures have proved a cure at all. Starting  
from the claim now generally believed by the most  
scientific men that the disease is due to the presence of  
living parasites in the tissues, Mr. Dixon at once  
adopted his cure to their extermination; this accom-  
plished, the Catarrh is practically cured, and the perma-  
nency is unquestioned, as cures effected by him  
four years ago are cures still. No one else has at-  
tempted to cure Catarrh in this manner, and no other  
treatment has ever cured Catarrh. The application  
of the remedy is simple and can be done at home,  
and the present season of the year is the most favor-  
able for a speedy and permanent cure, the majority  
of cases being cured at one treatment. Sufferers  
should correspond with Messrs. A. H. DIXON &  
SON, 305 King street west, Toronto, Canada, and  
enclose stamp for their treatise "Catarrh—Mon-  
real Star."

**CHOLERA**  
**COMING!**

The countries where Cholera prevails,  
as in India, China, and Africa, Pain-  
Killer is considered the surest and safest  
of all known remedies, and the natives  
place the most perfect reliance in it.

Read the following extract from the letter of a mis-  
sionary in China:  
DEAR SIR:—I ought to have acknowledged long  
ago the box of Pain-Killer you had the goodness to  
send me last year. Its coming was most providential.  
I believe "hundreds of lives were saved, under God, by  
it. The Cholera appeared here soon after we received  
it. We resorted at once to the PAIN-KILLER,  
using as directed for Cholera. A list was kept of all  
those to whom the Pain Killer was given, and our  
native assistants assured us that eight out of every  
ten to whom it was prescribed, recovered.  
Believe me, dear Sir, gratefully and faithfully  
yours,  
J. M. JOHNSON,  
Missionary to Swatow, China.  
Beware of Counterfeits and Imitations. Ask for  
the genuine Perry Davis' Pain-Killer and take no  
other.

structed Electric Appliance ever introduced, being the invention of the great German  
Electrician, Prof. Ziegenfuss, and has met with the most marvelous success in Europe,  
being recommended and endorsed by the entire Medical Profession of Germany. The  
inventor has in his possession letters from Prince Bismarck and several members of  
the Royal Family. A quarter of a million of them were sold in the German Empire  
last year. These belts, unlike many so-called electric appliances, are very light and not  
disagreeable to wear, and generate a current that can be immediately felt. Their action  
is stimulating and at the same time soothing; cause  
the Stomach, Liver,  
Kidney and Nervous Sys-

ternal medicines failed to  
relieve. Under no cir-  
cumstances can it do any  
harm and must do good no  
matter what is the com-  
plaint. They are made of  
cloth, silk lined, and the  
Electric Discs are so ar-  
ranged that they retain  
their strength 90 years.
