Manhattan showed greater strength than for some days, the buying being apparently of a manipulatice charact-

CLOSING BUSINESS.

During the last half hour the mar-ket was sold off somewhat, owing to a dimunition in outside buying.

RAILWAY RATE SITUATION.

Railroad men are non plussed at the rates which the presidents are willing to see put into effect whenever a large shipper notifies the companies of any special consignment of goods to be shipped. There must be a bottom to rates somewhere but it has not been found yet. This fall in rates is bringing down the profits to a minimum. It is taxing the managers to the utmost to reduce the cost of transportation to the lowest unit. There is a unit at which a halt must be called. It has not been determined, however, by the roads as yet. So much enters into it, that it is difficult to say just what any one road can do business for, without loss. The volume of traffic is satisfactory if only the rates were better. We notice an improving situation in the West this week.

WHITE BEAR.

Rossland, B. C., Aug. 19.

White Bear is advancing and the stock is in good demand owing to the good showing of the mine.

VIRGINIA.

Development on Virginia still conand there is a good deal of ore on the dump. An early and sharp advance in the stock is looked for.

MONTE CHRISTO.

Monte Christo, which has been quiescent for a while shows signs of ac-

LE ROI.

There is nothing new in Le Roi affairs, but development continues.
