

# WHEN THE STOMACH REFUSES

food and nourishment, when intestinal or gastric inflammation render the stomach entirely unavailable, or inadequate, try

# BOVININE

per rectum. It will nourish and support, and aid any form of medication.

When collapse calls for *instantaneous blood supply*—try it by sub-cutaneous injection of one part to two of neutral salt solution, and note the prompt response, a response so much more efficient and powerful than that from blood dilution. If you are interested a postal will bring our scientific treatise on topical and internal administration, and reports of hundreds of clinical cases.
