

PUBLISHERS' DEPARTMENT.

The Journal of Surgical Technology

is the title of a new periodical, to be published monthly, beginning July 1, 1900. It will be devoted to the consideration of the technic of surgical procedures, at a subscription price of \$1.00 a year. Valuable premiums are offered with the first subscriptions. Address the Technique Publishing Co., 404 East 14th St., New York City, N. Y., for sample copy.

An American Remedy in Ireland

The Antikamnia Chemical Company have forwarded to us from their London House, No. 46, Holborn Viaduct, samples of their five-grain antikamnia tablets, and also of antikamnia and codeine tablets. The former are so well known that it seems hardly necessary to do more than refer to them as an unequalled analgesic. The antikamnia and codeine tablets contain four and three-fourths grains of antikamnia and a quarter of a grain of codeine. This is a valuable combination, the synergetic effects being all that could be desired.

—Extract from *Dublin Medical Journal*, March, 1900

"An appendix to the 'International Directory of Laryngologists and Otologists,' compiled by Mr. Richard Lake, is in course of preparation. In it will be found corrections of names and addresses already given, an additional list of names and addresses received since publication, and an obituary list.

"Considerable additions have been obtained for the foreign list, which will materially add to its value and completeness. The decision of the editors of the *Journal of Laryngology, Rhinology and Otology*, under whose auspices the Directory is published, to allow no name to be inserted in the British list for which sanction has not been given in writing, at once explains some omissions and criticisms. The editors, whilst desirous of making the Directory as complete as possible, consider it best to adhere to this course. It is therefore hoped that all engaged in the practice of Laryngology, Rhinology and Otology will assist as far as possible in making this useful work complete," by sending in their names and addresses to the editor, "International Directory of Laryngologists and Otologists," 119 Shaftesbury Avenue, W.C.—*Journal of Laryngology, Rhinology and Otology*, April, 1900.

Dr. W. E. Hamill, who conducts the Canadian Medical Exchange, has removed to his former office at 88 Yonge St., upstairs.
