

## THE STATE ELECTIONS.

## THE MINOR VOTES IN OHIO—NO COALITIONS—WEST VIRGINIA RETURNS.

CINCINNATI, Oct. 15.—The Democratic and Republican press this morning agree that yesterday's election in Cincinnati was the bloodiest ever held. The Democratic papers assert that a thousand deputy marshals were employed mainly in the intimidation of honest voters, while the Republican press constructs the conduct of the police force and deputy sheriff in a similar manner, comparing it to the Mississippi policy. The following is a list of the injured in yesterday's outbreak:—Killed, Albert Russell (colored) wounded, Joe Lowry, shot in the spine, fatal; Bridget Hughes, struck in the breast with a bowlder, dangerous; John Murphy, shot in the stomach, flesh wound; Andrew Bennett (colored), shot in the side, not dangerous; Jno. Dalton, shot in the leg, not dangerous; Sam Taylor (colored), shot in the side, serious; Mike Gorman, policeman, shot in the back, dangerous; Henry Perlock, policeman, shot in the back, dangerous; Henry Brown (colored), shot in the abdomen fatal. The last three were wounded in the affray at the corner of 6th avenue and Freeman street late last night, when between fifty and one hundred people took part. The fight grew out of the attempt of Gorman to arrest a negro. Gorman was shot in the back by an unknown person, and a general fusillade followed in which one hundred shots were fired. The rioters were soundly and the disturbance quelled after two policemen and Brown were shot. The Republicans claim 20,000 majority in the State and the Democrats concede 10,000.

WHEELING, W. Va., Oct. 18.—Returns are still incomplete, but careful estimates place the Democratic majority about 5,000. It will be two or three days before remote counties will be heard from officially.

COLUMBUS, O., Oct. 18.—Returns by counties, complete do not change the pluralities given last night. Unexpectedly the prohibition and greenback and Butler's votes increase proportionately with those of the Democrats and Republicans. The prohibition vote last year was 8,962; this year it is 9,510. The greenback vote last year was 2,937; this year it is 3,700, showing no coalition between the parties and that the lines were closely followed. The total prohibition and greenback vote is 16,447, or 1,126 more than Robinson's plurality. The rest of the republican state ticket has an average majority over all of over 50,000. The total vote was 780,373; last year it was 718,168, and in October, 1880, it was 716,186. In November, 1880, it was 724,967. There is no change in the vote for congressmen, except an increase of 150 in Rome's majority over Hurd.

At the regular meeting of the Kingston Branch, No. 9 of the C.M.B.A., held on Oct. 15th, it was moved by M. J. Maloney, seconded by Jno. J. Bugga:—  
Resolved,—That whereas this Branch has learned with the most profound regret of the death of the family of our worthy and esteemed First Vice-President, John J. Behan, have sustained by the death of his father.  
Resolved,—That this Branch sympathizes most affectionately with our worthy brother in his sad affliction, realizing as we do, that the loss he has sustained is a loss that deprives a family of a good and considerate father; the city of an honest and God-fearing citizen; and the church of a true and devoted Catholic.

Resolved,—That the family of our worthy Brother shares the warmest and tenderest feelings of sympathy and affection from this Branch in their sad hour of trial, and we further pray that God will give them the consolation of his Holy Spirit, that, though the heart may fail to understand, it will lead them in time to believe that even so severe an affliction was ordered for some wise purpose, and to look forward to a happy reunion in that glorious Kingdom where alone true joys are to be found.

Resolved,—That copies of the foregoing resolutions be presented to the family of Brother Behan, to the local press, and to the Catholic Record and Montreal Daily Post (our official organs) for insertion therein.

RIGHTS OF AMERICAN CITIZENS ABROAD.

They show that the people will not abandon the protection of American industry, under which the country has gained twice as much in twenty years as it had gained in all its previous history, and protection to American labor, which has lifted wages sixty-two per cent higher here than in England. People see what stagnation the democratic "first firm step toward free trade" has caused within the past year. Nine months ago, flushed with victory and boasting certain success, the democratic party made no secret of its blind adherence to British theories of free trade. Now, neither a deceitful platform nor a dumb candidate awaits to check the stampede from that party, for its voters know that protection has made the rewards of labor greater here than in any other land on earth.

## THE FRANCO-CHINESE WAR.

## EXODUS OF CHINESE FROM SHANGHAI—BOMBARDMENT OF THE CITY EXPECTED—CHINA'S FINANCIAL STRAITS—MORE REINFORCEMENTS TO BE ASKED FOR BY THE FRENCH.

LONDON, Oct. 20.—It is reported that a great exodus of Chinese from Shanghai is taking place, as it is feared the French will bombard the city. The Chinese embassy at Berlin received a despatch confirming the report that the Chinese defeated 800 French at Tamsui, October 15th. French operations were frustrated by means of torpedoes.

HONG KONG, Oct. 20.—The loan of three million dollars, which China recently obtained from the Hong Kong and Shanghai Bank, have been offered to the public and proved a complete failure. It is believed China will soon be in straits for cash and that the financial difficulty will lead to an early conclusion of the war.

PEKING, Oct. 20.—The French commanders if ordered to march to Peking will ask for 40,000 men. They will require two pontoon trains, 8,000 horses, 12 field guns, floating and shore hospitals and gunboats.

PARIS, Oct. 20.—Gen. de L'Isle telegraphed that large masses of the enemy appeared in the Red River region on the 3rd instant and attacked Tuyen Kwang. They were defeated with great loss. No French soldiers were killed. The wounded were being treated. The French commanders are doing well. Admiral Courbet telegraphed that the troops are building block houses around their positions. Bad weather impedes the work. General Delisle advises the government that a force of twenty thousand is necessary to continue offensive operations and repel the invasion of Tonkin. The plan provides for the formation of six columns of 10,000 each, the first column to oppose the coming of the Chinese from Kwang, the second to operate against the Chinese from Yunnan. The Republic Française demands that the chambers consent to the necessary sacrifices and strike strongly and quickly. The Sicé says the vibrant little army of Delisle can face the danger menacing it. It is the duty of the government to send reinforcements without delay. A Hong Kong despatch says official notification was made today to the powers that the French have blockaded the Formosa coast.

## BLAINE'S TOUR IN MICHIGAN.

## A PRETTY GIRL RUSHES UP TO KISS HIM AND HE MEETS HER HALF WAY.

DETROIT, Oct. 20.—To-day was the best day Mr. Blaine has had in Michigan. As in Ohio, the interest appears to increase as his visit in the State continues.

At Flint, when Mr. Blaine had concluded his speech, a very handsome girl, not over 18 years of age, with sparkling eyes, rosy cheeks and lovely brown hair, descended from a carriage and ran up the steps of the platform to Mr. Blaine. When she reached him she threw her hands upon his shoulder and raised her face to kiss him. To do Mr. Blaine justice, he met this impulsive admirer fully half way. The crowd yelled and cheered. The young lady went away blushing, as though for the first time she had realized what she had done.

## TERRIBLE ACCIDENT.

## THE RESULT OF A BOY'S FOOLISH ACTION—A POWDER EXPLOSION.

QUEBEC, Oct. 20.—A terrible story is told as having occurred at St. Joachim about twenty miles from Quebec. It appears that the seminary farmer of that place had left his four children in the house while he went to do some work. During his absence his eldest son, aged 11, placed a powder flask upon the stove, and finding that it did not explode soon enough put some into the stove, the result being that the stove was knocked into a thousand pieces and the house set on fire. The report of the explosion attracted the neighbors who found the four children lying unconscious on the floor and their clothing ablaze. They were finally rescued and the fire put out. Three of the children are in a dying condition, but the fourth, it is thought, will recover.

## MONTREAL ELOPERS SENTENCED.

DETROIT, Oct. 20.—Ernest Du Pont and Mrs. Heronnet, the Montreal elopers, a Saturday came up in court to answer the charge of Mr. J. J. Flourent Heronnet's watch, bed clothes, fur cap and overcoat. Du Pont stated that he was not aware Mrs. Heronnet had the things in her trunk when she left, and when she showed them to him he thought her husband had given them to her. He also stated that he had left the house before he had known he was going off with Mrs. Heronnet. The woman had met him on the street and asked him to go with her. Mr. Heronnet's testimony showed that the elopement had been settled and Du Pont's ticket bought before he left the house. Justice Milne held Du Pont guilty of larceny and sentenced him to three months in the house of correction. Mrs. Heronnet, he declared, was willing to forgive Mrs. Heronnet and the justice suspended sentence in her case. The husband and wife left the court together.

## HARTMAN, THE ARCH NIHILIST.

New York, Oct. 20.—Hartman, the Nihilist, is in the city. He says the meeting of the three emperors was the outcome of a commission of grand dukes appointed three years ago at the instance of the Russian minister of foreign affairs to consider measures for meeting the growing anarchical revolt in the army. This commission resolved that Russia and Japan should enter into a treaty of alliance, and that the imperial family be threatened with imminent danger if the two latter powers should send troops to the frontier to allow the growing anarchical revolt to spread. The commission also resolved that the Russian army should be placed on a war footing, while all officers above the rank of colonel should be dismissed from the service. It is believed that the Russian government will accept the commission's recommendations.
