Beaton, T. R. Vezina, L. T. Beaton. Capital Investment Company, \$20,000. W. J. Hogan, T. D. Thompson, J. Thompson.

RAILWAY ECONOMY.

To encourage economy, the railways of the United States are distributing literature showing how, by a little care, expenses can be kept down. From one of these pamphlets the following is clipped, and it is headed by a few words showing what the men can do to save their employers' money:

	Miles.
1 2-cent postage stamp equals hauling one ton of freight	3½
1 lead pencil equals hauling one ton of freight.....	2
1 track spike equals hauling one ton of freight	2
1 track bolt equals hauling one ton of freight	3½
1 pound of waste equals hauling one ton of freight..	10½
1 white lantern globe equals hauling one ton of freight	20
1 red lantern globe equals hauling one ton of freight.	75
1 lamp chimney equals hauling one ton of freight..	10½
1 station broom equals hauling one ton of freight..	35
1 station water pail equals hauling one ton of freight.	20
1 lantern complete equals hauling one ton of freight.	100
1 gallon signal oil equals hauling one ton of freight.	60

NORTHWESTERN COAL AND COKE CORPORATION.

The Northwestern Coal & Coke Corporation, an American corporation which is now arranging for the necessary licenses to do business in Canada, will engage in the business of general forwarders and wholesale dealers in coal, coke, sewer and drain pipe, bricks, stone, lime, cement, etc. The corporation has acquired three properties, including coal lands, clay lands, and what is said to be the largest and best stone quarry between Ontario and the Rocky Mountains. The corporation has also effected a sale of two million of its shares (par value one dollar) at 25 cents a share. One hundred thousand dollars of this has been paid up, and the balance will be paid on cash calls of \$25,000 each. The corporation will encourage the manufacture of sewer, drain pipe, and brick in the West, as most of the sewer and drain pipe now used is imported from the United States. From reports now before the corporation and from tests made at the Granby smelter it appears that the clay properties acquired are good, but the corporation is having sample pipes made from same to prove the actual worth.

The corporation will not develop any properties. It will lease its property holdings and engage in the buying and selling business strictly as a general supply, distributing and forwarding concern.

"Porcupine is puzzled at the 'twisted neck' vein," says a contemporary; and a good many necks have become twisted in puzzling Porcupine stock manipulation veins.

The Canadian Properties, Limited, a London, England, syndicate with offices in Winnipeg, has recently made a sale of 20,000 acres in the Kindersley district, immediately south of Saskatoon, together with inside property on Second Avenue, Saskatoon, opposite the Bank of Montreal. The total outlay aggregates in the neighborhood of \$500,000. Mr. Charles H. Hoare, chairman for the company, is at present in Vancouver. The directors of the firm are Lord Hindlip, Messrs. Anthony Edmund Gibbs, Arthur Engerton and Cecil Ward. Mr. L. B. Boyd is the Winnipeg manager.
