Municipal Bond Market

Notes of municipal financing from coast to coast. Several towns purchase debentures for their sinking funds. Montreal loan and the conditions accepted by the city. **Page 17**

Canada as Producer

Effects of the war upon Canada are analyzed clearly by Mr. R. D. Bell, of Montreal, who emphasizes the great benefits of production and development of natural resources. **Page 37**

About Hoarding Money

Some incidents at home and abroad in regard to the hoarding of money in war times. What Mr. Lloyd George says of the man who hoards gold. **Page 26**

Business as Usual

Some more facts and figures of activities in Canada, cited for the benefit of occasional wavering faith in a great country. **Page 8**

Who Gets Fire Insurance?

Statistics gathered from the Ottawa blue books showing how the companies have shared the fire insurance business in Canada during the past twelve months. **Page 11**

Canada and World's Nickel

Brief survey of the mineral field as affected by the war, and a reminder of the significant fact that this country controls the nickel supply of the world. **Page 19**

German Investments in Canada

Not a great deal of money has been invested in this country by Germany, but there are a number of interesting phases regarding German funds in Canada. **Page 5**

Against the Moratorium

Some who advocate a moratorium want it as an excuse, forgetting there is only one way to deal definitely with a debt. **Page 15**
