Mercantile Summary.

MR. T. H. Grant, the able secretary, for many
years, of the Quebec Board of Trade has re-
signed.It is proposed to build and equip a Marine
Railway to cost \$40,000 at Collingwood, where
such a thing is much needed.A STEAM dredge is working at Whitby harbor
which will when completed have a depth of ten
and a half feet at low water. The whole of the
Eastern pier is to be rebuilt by the 15th of June.MR. James McShane, a meat merchant and
alderman of Montreal, is trying the experiment
of shipping live fat cattle to Britain. He sends
100 head of steers to Liverpool this week by the
"Vicksburg" of the Dominion Line.AMONG the more recent failures are those of
R. S. T. Davidson, & Co., dry goods, London,
Ont.; James Wyman of Yarmouth, N. S.; A.
B. Blish, Halifax; George Groves, crockery
wholesale, Montreal; William Trigg & Son,
fancy goods, Montreal.A gas Company is forming in Sherbrooke.
They ask to be allowed rights over the streets
for ninety-nine years. Taxation in this active
town now amounts to 22 mills on the dollar.
St. Thomas too, is building gas works, the con-
tract for which is let at \$28,000.RUMOURS regarding the long established firm
of Winning, Hill & Ware of Montreal, which
were current for some time past, were proven to
be well founded by the suspension of that firm,
one day this week. They were distillers and
manufacturers of gins, cordials, &c. No state-
ment of assets and liabilities is yet forthcoming.LUMBER operations appear to be improving
on the Ottawa river. One establishment is re-
ported to have sold six million feet to an Ameri-
can firm. Ten million feet of deals are also
said to have been sold deliverable at Quebec.
These, with a number of smaller operations, at
fair prices, possibly indicate some revival of
trade which would soon reduce the stocks held
over the past winter.
