

TOYS

—AND—

FANCY GOODS.

H. A. NELSON & SONS,

TORONTO AND MONTREAL,

Would respectfully notify the retail TOY and FANCY GOODS trade of the Dominion that they will be in a position this coming season to offer the LARGEST and MOST VARIED stocks of CHRISTMAS GOODS ever shown in the Canadian market. Dealers will have ample opportunity of judging as to the accuracy of our statement and we would EARNESTLY REQUEST them to refrain from ordering elsewhere, without first examining our samples. We are confident they will best consult their own interests by so doing.

We propose in the future, as in the past, to deal HONORABLY and LIBERALLY with our customers, and thus maintain our position in this branch of business as the leading house in Canada.

Our TRAVELLERS will be EARLY on the road, and visit the principal CITIES, TOWNS and VILLAGES with as complete a line of samples as can be carried to represent our extensive stock. Dealers visiting TORONTO or MONTREAL we trust will not fail to call and see us.

H. A. NELSON & SONS,
