While we hope to offer matter sufficiently interesting as to make it not without value even to the more highly educated, it will be our endeavour to clothe it in such plain and comple language, as to render our little publication a welcome visitor in the farm house and the cottage, and a source of pleasure, as 'ell as profit to both young and old. For the young especially, some portion of our space will always be set apart; and we venture to suggest to clergy men and superintendents of Sunday Schools, the advantage of encouraging their elderly scholars to evail the maches of the reduced terms offered to those who subscribe for a number of conies. those who subscribe for a number of copies .-
