Minard's Liniment relieves Neuralgia.

Many a woman rejects a man because he is in love with her, and accepts another because he is not. The first is thinking too much of himself and his emotions; the other makes a study of her and her friends, and learns what ropes to pull.—*O. W. Holmes.*

Dear Sirs,—

It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acid Cure is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

Were men so enlightened and studious of their own good as to act by the dictates of their reason and reflection, and not the opinion of others, conscience would be the steady ruler of human life, and the words truth, law, reason, equity and religion could be but synonymous terms for that only guide which makes us pass our days in our own favor and approbation.—*Steele.*

Opinion rides upon the neck of reason; and men are happy, wise, or learned, according as the empress shall set them down in the register of reputation. However, weigh not thyself in the scales of thy opinion, but let the judgment of the judicious be the standard of thy merit.—*Sir T. Browne.*

Dear Sirs,— "I have much pleasure in stating that your 'Acetocura' remedy has been used for the past fifteen years by our family. We have derived so much benefit from its application that I can heartily testify to its beneficial qualities.

"I have recommended its use to many of my friends, who also speak very highly of it as a very effective and simple remedy."
