At six o'clock the House took recess.

AFTER RECESS

The House resumed at 8 p.m.

GOVERNMENT ORDERS

**OIL AND GAS PRODUCTION AND
 CONSERVATION ACT**

AMENDMENTS RESPECTING DEFINITIONS,
 APPLICATION, OIL AND GAS
 COMMITTEE

The House proceeded to the consideration of Bill S-5, to amend the Oil and Gas Production and Conservation Act, as reported (without amendment) from the Standing Committee on National Resources and Public Works.

The Acting Speaker (Mr. Béchard): The first motion on the Order Paper stands in the name of the hon. member for Skeena (Mr. Howard).

Mr. Barnett: Mr. Speaker, may I move the motion on behalf of the hon. member for Skeena, who unavoidably is absent at the moment?

The Acting Speaker (Mr. Béchard): The motion reads as follows:

That Bill S-5, an act to amend the Oil and Gas Production and Conservation Act, be amended by adding thereto the following as clause 7:

"7. This act shall come into force following a settlement mutually acceptable to the Crown and the people commonly referred to as Indians and Eskimos indigenous to areas now referred to as the Yukon Territory and the Northwest Territories at the time European explorers or their descendants first visited the areas, and the said settlement relating to lands, resources and other tribal or community property rights of the said people."

As the hon. member for Skeena will recall, the same motion was proposed on his behalf by the hon. member for Comox-Alberni (Mr. Barnett) on June 5, 1969, when the House was considering Bill S-29, respecting the production and conservation of oil and gas in the Yukon Territory and the Northwest Territories. On that occasion I ruled that the proposed motion was out of order in that the amendment was in the nature of a substantive motion since it sought to introduce a new question into the bill.
