

March 17th, 1926.

Mrs. R.A.E.Greenshields,
53 Simpson Street,
Montreal.

My dear Mrs. Greenshields:-

I am very sorry that I have not before this written to you with reference to the memorandum you left with me, but I wished to consult the Chancellor and some other members of the Board of Governors.

I have now done so and there is nothing to add to my letter of April 13th, 1923, addressed to you. The University will stand by everything set forth in that letter. Under the circumstances I suggest that the sixth paragraph of your memorandum be altered, because it is hardly correct to refer to the offer of McGill as a gift of a site. The University, of course, can not alienate any property, but it is quite willing, and even anxious, to enter into a mutually satisfactory agreement with you and your associates.

With all good wishes, I am,

Yours faithfully,

Principal.
