

THE CAUSES OF THE SUCCESS OF

## The English Revolution, 1640-1688.

By MONSIEUR GUIZOT.

Translated with a Preface. By Mrs. AUSTIN. 8vo, 6s.; or CHEAP EDITION, Post 8vo, 1s.

"The most eminent and most accomplished of all the political philosophers who, unrecognised to the extent of their merits at home, have honoured our shores with their presence, and over-repaid any hospitality we could render them by contributions to our national literature, has selected for examination and for illustration that period of our history upon which the sentiments of such a man must be most especially interesting. The style of M. Guizot is most happy. He avoids alike the effort at perpetual antithesis and epigram, which is the besetting vice of French composition, and the elephantine march which many English historians consider an essential of dignity. But he always writes pointedly, and frequently leads you up, by gentle but irresistible logical process, to a profound aphorism, in which he embalms a deceased age and its wisdom. We will simply append an expression of our unaffected gratification, that England should receive at the hands of M. Guizot so valuable and graceful a token that his residence among us has only disturbed his literary labour (which is European property) to the extent of giving it a direction so agreeable to Englishmen."

## Travels through Hungary & Transylvania.

WITH A DESCRIPTION OF THEIR CONDITION, SOCIAL, POLITICAL, AND ECONOMICAL.

BY JOHN PAGET, ESQ.

Second Edition. Maps and Woodcuts. 2 Vols. 8vo. 2's.

"We must now turn aside to make a short excursion into Hungary, with Mr. Paget for our guide. It would not be well possible to choose a better, for he never suffers our interest to flag, and appears to have made himself accurately acquainted, not only with the localities and traditions of the country, but with its whole history and institutions, which present so many points of analogy to those of England, as really to invest the subject with a new and peculiar interest for an Englishman."

## Life of John Calvin.

DERIVED FROM AUTHENTIC SOURCES, WITH EXTRACTS FROM HIS CORRESPONDENCE,

By THOMAS H. DYER, Esq.

Portrait. 8vo. 15s.

"Mr. Dyer's Life is a careful, painstaking, and elaborate book, grounded upon original documents, especially Calvin's epistles, and the various biographies of him that have appeared from the time of Beza to the three contemporary German volumes of Dr. Henry. His frequent digressions as to the state of religion in various countries, and his biographical notices of the different persons who are continually introduced in connexion with Calvin, somewhat impede the narrative, and sometimes encumber it. The views of the state of religion are, however, necessary; the notices are informing; and perhaps both are in harmony with the scheme of the book. The whole story of the life and death of Servetus is minutely and clearly told by Mr. Dyer. Altogether, Mr. Dyer's book is a careful, solid, and scholar-like performance."
