

NEWS OF SPECIAL INTEREST TO WOMEN

NOVEL FOOTWEAR FOR WARM DAYS

Fashionable Lasts Are Both Low and High in White Materials.

BRONZE AND GOLD

Models Are Very Stylish and Much Worn for Formal Occasions.

Pretty summer footwear is always a subject of interest and importance to the well-dressed woman. The manufacturers have undoubtedly reached the same of grace in line and quality in materials employed in the exquisite models created for the summer season.

White is extremely popular—and the designs exploited in white fabrics, satin, velvet, kid and more than justify the great demand for the favorite white color.

Also low-cut models are always preferred for the warm weather months, there is a tendency for high footwear this season, when short, full skirts necessitate such faultlessly shod feet. Very tall side and front laced boots, in fine white buckskin, have lustrous trimmings in black patent leather, and are worn with white fabric materials whatever. A few models are exploited for the sake of their novelty buttons, many being gold or silver, with a military or naval crest upon them.

Of low-cut models, there seems no limit. Dainty high-heeled strapped designs and "Baby Doll" pumps are equally popular—the worn, of course, in vastly different occasions. Dress slippers acquire elegance in line and material used, and dainty small ornaments in brilliant, are used in the pumps with excellent effect. Bronze and gold shoes are very stunning, and hold next place to the paramount favorites in black and white.

READING MATTER IS NIAGARA CAMP'S NEED

Old Magazines Will Be Greatly Welcomed by Men in Training.

Reading matter of all kinds is greatly needed by the soldiers at Niagara camp. The boys want just the ordinary kind of periodicals and magazines which have been read and discarded. All those who want to add a little to the amusement and entertainment at Niagara camp will confer a favor on the soldiers by bundling up their current and back numbers of magazines and periodicals and sending them to the nearest public or separate school, where they will be collected and sent immediately to Niagara camp.

The boys will thank you for them.

CLOSING EXERCISES AT ST. JOSEPH'S

Fourteen Girl Graduates Were Honored at the College Commencement.

MEDALS WERE GIVEN

Valedictory Address by Miss Josephine Marion at Annual Event.

Fourteen sweet girl graduates received their golden crowns and medals at the largest ladies' college in Ontario, when the closing exercises of St. Joseph's College-Academy, took place yesterday, in the presence of a large audience. The program of the juniors had been given some days previous, and the conferring of the last series of honors was confined to the seniors of the 550 pupils of the college.

The line of white-gowned graduates, everyone with an armful of white roses, and everyone accompanied by a we maiden attendant, had for background the hundreds of girls in the uniform of the school—black with white collars and cuffs, relieved by the college colors, yellow and brown—and for foreground the platform massed and banked with a perfect wealth of glowing floral tributes.

The story chorus, by E. J. Sawyer, opened the program. This was followed by the ceremony of "crowning," the graduates receiving the golden wreath and medal from the hands of the Right Rev. Mr. Whelan.

A charming program of readings, instrumental and vocal music, giving evidence of high-standing of tuition, was presented, the valedictory being delightfully delivered by Miss Josephine Marion, secretary of the central executive committee for the Dominion of Canada, of the commission for relief in Belgium, and announced here today.
