

# My Baby

was a living skeleton; the doctor said he was dying of Marasmus and Indigestion. At 13 months he weighed only seven pounds. Nothing strengthened or fattened him. I began using Scott's Emulsion of Cod-liver Oil with Hypophosphites, feeding it to him and rubbing it into his body. He began to fatten and is now a beautiful dimpled boy. The Emulsion seemed to supply the one thing needful.

# Around the Camp-Fire.

BY  
Charles G. D. Roberts.

*Splendidly illustrated by Charles Copeland,  
and handsomely bound in buckram.*

PRICE, \$1.25.

Here is for Canadian boys a great Canadian book by a great Canadian writer. Prof. Roberts takes his readers on a shooting and fishing expedition in Nova Scotia, and incidentally relates a number of breezy stories—adventures with wildcats and moose, and bears and panthers, on lake and rapid, follow one another with graphic detail, such as cannot fail to interest any healthy boy.

"The collection of tales of adventurous exploits contained in 'Around the Camp-Fire' is the very best of the kind we have ever had the fortune to read. They are between thirty and forty in number, very brief, and yet so skilfully handled that to read through the book is like running a succession of races—we proceed with quickening pulse and pause for breath, with the heart bounding. . . . In point of excellence there is little difference between the sketches. They fit well into the glowing framework, while the brisk and sunny out-of-doors life lived by the narrators adds a zest and realism which is very effective."—*Toronto Globe*.

# Walter Gibbs,

## The Young Boss

AND OTHER STORIES...

By Edward William Thomson,  
Author of "Old Man Savarin."

Splendidly Illustrated, and bound in Handsome Embellished Covers.

Price, \$1.25.

CONTENTS: Walter Gibbs, the Young Boss (seven chapters)—Tom's Fearful Adventure—Dux—Smoky Days (six chapters)—Drifted Away (two chapters)—The Ten Dollar Bill—King Tom.

"The scene of these stories is, in every case, laid in Canada, chiefly on the Ottawa River, which Mr. Thomson knows so well. The principal story, that of the Young Boss, will appeal to the sense of manliness and love of justice of every reader. The difficulties of this eighteen-year-old boy in shouldering a man's responsibilities for a sick father, and bearing them like a man, will act like a wholesome tonic to the moral fibre. In 'Smoky Days' a most vivid description is given of a vast forest fire, and a graphic account of backwoods life.—*Onward*.
