

HAMILTON INDUSTRIES

MEN!

At my offices in New York, Buffalo, Toronto and Hamilton I make it my business to help the workingman.

1st. By locating factories to give you work.
2nd. By giving you a home on rent payments.

A Home and Work--That's It

3 NEW factories for Kenilworth to be built in Spring, employing some 500 hands. More coming. That's what I'm doing for Hamilton, and for YOU the following:

New cosy home, 6 rooms, electric light, nicely planned, artistically painted inside and out, large veranda, well built, lot 25x100. \$1,050 - \$160 down, \$10 month. Why pay rent? Will be worth \$1,200 in 6 months. Low 25x100, high, dry, containing some 20 young, vigorous fruit trees. \$75 to \$100 - \$5 down, \$5 monthly. Camp out in summer and save enough to pay for lot.

60 houses there now, 60 more for Spring. All the prices to be advanced. Come in, I will help you. Open evenings.

STRANGE SHOOTING AFFAIR SENDS MAN TO HOSPITAL

Revolver Bullet in Leg of Norman M. Cardle, Assailed While Walking on Street.

Hamilton, Jan. 2.—(Special).—There was a strange shooting affair tonight about 10 o'clock. As Norman M. Cardle, 49 Cathcart-street, was walking along Kelly-street, a man darted out of an alleyway exclaiming "You're the man I want to see." With that he pulled a revolver and shot Cardle. The bullet entered Cardle's leg about the knee, and he was taken to the city hospital, where the bullet was removed. His assailant made his escape. Cardle says that he has the slightest idea of who his assailant is or the motive for shooting.

STREET RAILWAY EQUIPMENT

The city's case against the Hamilton Street Railway Company, which is being heard before the Ontario railway and municipal board, the board will make a personal inspection of the cars and roadways. Martin Haley, track superintendent of the company, made the assailing statement that the tracks are in good enough condition to make it safe for cars to travel at the rate of 60 miles an hour. An important point brought out by George S. Kerr, who is acting for the city, was that the cost of power charged up by the Ontario Power Co. to the street railway increased over \$150,000 in 1904, an increase of over 25 per cent. The power was generated by steam. W. C. Hawkins, the general manager, was asked the price paid by the city for street lighting, \$32.50 a lamp a year, which is a fair average price, F. D. Pearson, the attorney of the company, said the Ontario Power Co., which originated the street railway and other utilities, charged interest on all that it did for the subsidiary companies. An immediate order for the repair of the cars.

SCHOOL CHILDREN'S HEALTH

Dr. Roberts, the medical health officer, waited upon the internal management committee of the board, of education this evening, and asked the trustees to provide for a careful inspection with reference to the health of the school children. A special committee was named to investigate and report. The resignations of Misses Wallace and Vallance, public school teachers, were accepted. Misses A. Hobson and M. L. Gray were appointed. The committee will meet next Thursday evening, previous to the board of education meeting, to deal with the increase in teachers' salaries.

RAN AMUCK WITH A KNIFE.

Drunken Italian Attacks Two Men on Agnes St.—Tragedy Averted.

P. C. Welch of No. 2 division was attracted to the corner of Queen's-avenue and Agnes-street by shouting and cries of police. He found a drunken Italian with a knife in his hand struggling in the grip of two men. The Italian, Andri Salagen, was arrested on two charges, of drunkenness and of attempting to wound.

The two men, William Pradenburg of 165 Seaton-street, and William Grell of 105 Parliament-street, say that the Italian stopped them brandishing a knife and shouting that he would kill them. A struggle then ensued, and the timely arrival of the policeman probably prevented a tragedy for the men say the Italian fought like a demon.

The knife, which Salagen carried was not much larger than the usual pocket knife, but it was sharpened at both sides and looked very much like a stiletto.

LAKE ERIE BOUNDARY.

Waterways Commission Will Likely Decide That It's All Right.

The question of the boundary of Lake Erie and the Chicago drainage project engaged the attention of the international waterways commission yesterday. A statement was issued to the effect that an agreement had been reached on the former matter, but publicity is not to be given it until the Dominion and United States governments have had it submitted to them and have given their approval.

It is considered probable that the present boundaries will remain practically unchanged.

No decision was reached on the drainage proposition.

COSTLY FIRE AT PORTSMOUTH

Portsmouth, Eng., Jan. 3.—The fire which broke out last night among the camp and equipment stores on Gun Wharf here caused damage, according to the official estimates, to the amount of \$1,250,000.

The entire equipment of an army corps was destroyed.

THREE WEEKS ADJOURNMENT FOR G.T.R.'S APPLICATION

Request Will Be Made by City - Public Meetings to Decide on Best Course.

An effort will be made by Mayor Coatsworth, on behalf of the city and others interested, to have the hearing of the application of the G.T.R. and C.N.R., for right of way thru East Toronto, postponed for three weeks, from Jan. 16, the date now set. The city members, but some other members of the club, rather militated against a representation as the occasion warranted.

J. P. Biebling presided. No official pronouncements were made by any of the speakers, but the general tone, humorous and social sentiment than technical and professional. The toast of the King and Queen was drunk and three cheers. That of "Our Country" was responded to with even greater enthusiasm and Prof. Gairraux, as well as Thos. White, in their remarks in reply, showed Canada as the most desirable country in every respect to be found on that planet known as earth. The next toast, "The City of Toronto," was coupled with the name of Charles E. Good, who fully demonstrated that the City of Toronto was the finest and most progressive "Sister Societies" brought Mr. Smith and Dillon Mills to their feet, the latter representing the Canadian Institute.

Among those present were: G. G. Sing, R. W. King, R. F. Tate, Charles E. Good, G. R. Mickle, C. M. Canniff, T. H. Downey, W. E. Douglas, H. S. Holcroft, A. B. Barry, C. H. Hays, P. E. Lelland, M. A. Shields, H. B. Worthington, F. Black, J. A. Culverwell, M. A. Stewart, H. C. Champ, and R. A. McKenzie.

FELL IN FRONT OF CAR.

While wheeling home last night William Cruickshank a driver for Breddin's, living at 9 Gildersleeve-avenue, had a sideslip and fell in front of a belt line car eastbound.

He was severely cut about the head, remaining unconscious for some time. He was taken into Dr. Millican's hospital and seven stitches placed in the wound.

PERMISSION TO BUILD THE NEW LINE.

It is recognized that the obstacles to be taken some time before a start can be made on it. At present the company's officials do not expect to get started on close to two years to build it.

Establishing Rights.

"By the present application they will, however, establish their rights to the route, and be prepared for the Canadian Pacific or the Canadian Northern may make."

ENGINEERS' BANQUET.

Pleasant Annual Function Held at the Club Rooms Last Night.

The Engineers' Club of Toronto held their annual dinner last night in their club rooms, 98 West King-street. There was a considerable attendance of members, but some other members of the club, rather militated against a representation as the occasion warranted.

J. P. Biebling presided. No official pronouncements were made by any of the speakers, but the general tone, humorous and social sentiment than technical and professional. The toast of the King and Queen was drunk and three cheers. That of "Our Country" was responded to with even greater enthusiasm and Prof. Gairraux, as well as Thos. ELDON GIVEN APPOINTMENT AS PERMANENT POSITION

Board of Education of 1906 Give Technical High School a Principial as a Farewell Gift.

R. H. Eldon, assistant principal of the Technical School, was permanently appointed to succeed Principal Pakenham at the final meeting of the 1906 board of education last night. There was a certain degree of sentiment which would have been generally agreed that Mr. Eldon possessed the required ability, and the recommendation of the retiring principal carried proper weight.

Resolutions were also passed, recognizing the services of Trustees Davis and Smallpiece, the former a defeated and the latter a retiring member of the board.

The report of the management committee, recommending the temporary appointment of Mr. Eldon, brought forth a motion by Trustee J. Simpson that he be appointed permanently.

Dr. Ogden criticized the report of the committee as not being unanimous. Trustee H. Simpson thought Mr. Eldon should be principal until the school was moved to its new establishment.

The judgment of Principal Pakenham was moved to its new establishment. The resignation of Principal Pakenham was accepted. Chairman Shaw declared that the deputation visiting United States schools had not met the equal of Mr. Eldon.

The appointment went thru on the following vote:—

For—Trustees J. Simpson, Shaw, Dineen, Leves, Brown and Smallpiece—4.

Against—Trustees H. Simpson, Parkinson, Ogden, Kent and Rawlinson—3.

Trustee Parkinson wanted the permanent appointment made unanimous, but Dr. Ogden dissented.

Trouble at Goderich.

Dr. Axon, secretary of the Clinton Hooker Club, has written the O.H.A. regarding alleged roughness on the part of M. McIver of Goderich in the game at Goderich Jan. 1, between Clinton and the home team. McIver is claimed to have struck Cole, a deaf mute, with his stick, when the puck was nowhere near him, knocking him down and fracturing his jaw in three places.

Dr. Axon says feeling is running pretty high in Clinton and it is probable the offender will be prosecuted.

Schedules Changed.

The schedule in Junior O.H.A. District 8 has been changed as follows:
Jan. 14—Newmarket at Collingwood.
Jan. 22—Collingwood at Newmarket.
