Council Will Ask Railways to Build Station-Junction's Fire Limit Bylaw.

Toronto Junction, May 2.-At the posmall boys were charged with starting fires in the grass, destroying about 100 feet of sidewalk on St. Clair-avenue, and 6 feet on Mulock-avenue. Carl

feet of sidewalk on St. Clair-avenue, and 6 feet on Mulock avenue. Carl Zeidler, J.P., occupied a seat on the bench with Police Magistrate Ellis. The latter fined one of the boys \$2 without costs, but in the absence of the parents of the other boy the second case was allowed to stand.

The proposed fire-limit bylaw, which is to be dealt with at a special meeting of the town council on Thursday night, is being discussed pro and con by citizens in all parts of the town. Thosinterested in the promotion of the bylaw say that the erection of so many shacks in the west end is not only a menace to the community in general, but depreciates the value of property in the neighborhood in which they are located. On the other hand, owners of lots on which these temporary residences are being erected claim that it is a distinct hardship to them to be compelled to erect substantial structures until they have the means to do so. Rents in the central part of the town, they say, are so high as to be practically prohibitive, and they must either buy lots on the outskirts and mild within their means or get out of town altogether. "The council sees no difficulty in permitting lumber yards to be located in the very heart of the town, but at the mere mention of 'shacks'—the poor man's sole hope—they are up in arms," said one man to-day. There is much to be said on both sides of the question, and Thursday night's meeting of council promises to be one of the most exciting in the history of the town.

Premier Whitney Has Talk With Project for Large Building at Head Cochrane and Hearst on Mines Contemplation.

After consulting with ex-Premier

of University Avenue in

In view of the active speculation that oss last night Hon. J. P. Whitney informed the press that Mr. Gamey's re-General Hospital, the protracted meet solution to expunge from the records ing in the mayor's office yesterday of the legislature the resolution thank. would appear to be not without signiing Chancellor Boyd and Chief Justice ficance. The meeting of the hospital Falconbridge for their services in in-board was followed by another meetvestigating the bribery charges would ing, which included also a number of not be taken up this week. The house visiting members of the hospital staff. spent a long day in routine work and Dr. O'Reilly, the retiring superinter made a big hole in the order paper. dent, was absent from the later meet-Previous to the opening of the house ing, the object of which as after the cabinet met and discussed the goverrment measures, which forms a con-was merely the talking over in an insiderable part of the legislative program. Then the premier had a conference with Frank Cochrane of Sudreally dene, he added, as there was no bury and W. H. Hearst of the Soo and hurry, since the present superintendent bury and W. H. Hearst of the Soo and it is thought matters in connection with the creation of a department of mines were considered. Both Messrs, Hearst and Cochrane have been put forward for the head of the department.

A number of bills were advanced a stage and the house spent some time in committee.

Grant to Guelph Show.

When the agriculture estimates at the night sitting were reached Mr.

Hurry, since the present superintendent would remain until June. The rest of the time, he said, was taken up with routine matters only. The scheme for a new hospital had not been touched. Besides the mayor, J. W. Flavelle, M. J. Haney and P. C. Larkin, members of the hospital board; Dr. O'Reilly, superintendent, and A. F. Miller, secretary-treasurer of the hospital, for Toronto University medical faculty; Dr. Temple, Dr. Bingham, Dr. Mc-Phedran, Dr. Powell and I. H. Cameron.

When the agriculture estimates at the night sitting were reached Mr. Graham asked if the grants to the live stock breeders had been withdrawn. It turned out, however, that there had been a rearrangement only and that the grants to the Various associations had been given to the Guelph Winter Fair.

Mr. Graham declared for horse racing at fall fairs and thought the government ought to make legitimate what has been winked at in the past.

Hon. Adam Beck put it rather nicely when he said that horse racing was testing the ability of a horse to go certain distances in certain times. The trials of speed were necessary in determining the stamina and other qualities of the horse.

Mr. Graham did not care what you called it so long as it was made legitimate.

Hon. Dr. Willoughby said nothing attracted crowds to fall fairs like horse racing.

The premier enquired where was the disability. Trials of speed were allowed under certain conditions. Mr. Pense favored the racing game and Hon. Mr. Monteith, discussed the educational value of the fairs, which, he said, had been lost sight of. At the recent meeting of the Fairs Association it was decided to cut out the racing features. Several members were for the straight racing features trong and a certain of the say the association it was decided to cut out the racing features.

Several members were for the straight racing features strong and a certain of the say promise to depend the racing features.

Several members were for the straight racing features strong and a certain confit the say should not be changed. Make the racing features strong and a certain of the fair strong and a certain of the say promise to the racing features.

Sidewalk Around Model School.

Mr. May asked if it was the intention of the sayernment to law account of the sayernment in law accounts of the sayernment in law accounts of providing and for which it is said to be willing to pay its assessment. The present temperature is a provided to be will make the project to council. In the provided the project t TREAL DOEST LIKE II.
