Farm Properties.

\$6500 a disinterested gentleman, who knows it well, that whoever secures it will get a good farm at the right figure. I have instructions to dispose of this at once, which I am going to do; that is the reason I have to take this figure for it; terms I will try and arrange for you, contains one hundred acres, more or less, with 85 acres or more being under cultivation, and balance bush and pasture; there is a never-falling spring creek running through this; it is well fenced with straight rail fence; a bank barn just finished, also a good well at the barn; large frame house in good order; splendid spring water; also plenty of soft water; garden, with all kinds of small fruits; good orchard, different kinds of apples, mostly Sples; a large frame driving shed, room for all implements and vehicles; situated in the best location in Ontario, and the best farming district; so close to Toronto, right on gravel road, and school opposite, and just north of a village of 500 population; within half a mile of the postoffice and stores, blacksmith and harness shops; also G. T. Railway station; grain elevator right here; four churches; splendid high school at Markham, only miles distant east; good, workable clay loam; the best of reasons for disposing of this beautiful farm. I wonder as I write this who will be the lucky family to secure; no healthier location can be found in the Province of Ontario. You must make all arrangements with me, and not stay too many days if you want it. Farms like this are seldom in the market.
