Wheat—Lower: weakness in foreign markets and desire to secure profits created easier market thruout, session closing le to 2c lower. Shorts have been heavy buyers of late, and longs have added to lines, which has weakened pit conditions tempovarily, and soft sorts.

Wheat—Commission houses took considerable wheat around \$1.12%, and checked the decline, after which the trade was lighter, and fluctuations comparatively narrow. Some new buying appeared, which caused another upturn, and the great advance in corn was a stronger to the course of the great advance in corn was a stimulating factor. A private cable from Antwerp to a local commission house stated that prices at Buenos Ayres had advanced 25sc since Thursday. Bullish sentiment predominates, and the selling pressure is light. light.

Corn—As on Menday last, a very share advance took place, and a new high mark was made for May corn. The early offerings were absorbed, and the selling was in good volume, but when the offerings dried up, and buying orders came in, the corn was not obtainable.

Oats—Prices followed the trend of corn, but the advance was not so great as in the former. Local traders sold early, while commission houses bought on scale orders, and later the early sellers covered.

Montreal Stock Yards West End Market the receipts for last week were 350 cattle, 1675 sheep and lambs, 2100 hogs and 500 calves, while offerings this morning consisted of 1800 cattle, 1000 sheep and lambs, 1200 hogs and 400 calves. Altho the supply of cattle was much larger than a week ago, prices were firm, but with no advances. The supply of really good, useful cattle was mone too large for requirements. There were a large number of cows and bulls on the market, for which the demand was active from local packers for canning purposes. Sales of extra choice Christmas steers were made at 6c; choice at 5½c to 5½c; good at 5c to 5½c; fair at 4½c to 5½c; canning cows at 1½c to 2c, and bulls at 2½c to 3c per pound. A strong feeling still continues to characterize the market for lambs, owing to limited supplies, and prices scored a further advance of ½c per pound, with sales to-day at 6%c to 7c per on account of limited demand and excess offerings. Sales of some small lots were made at 4c to 4½c per pound. The denant of choice calves was good at 5c to 6c per pound. The market for sheep was weaker on and for choice calves was good at 5c to 6c per pound. The market for hogs was stronger, and prices advanced 10c to 15c per cwt., owing to the increased demand from packers and smaller receipts, and sales of sclected lots from west of Toronto were made at \$8.75, and from east of Toronto at \$3.65, weighed off cars.
