**PLAYS, PICTURES
AND MUSIC**

THE ROBINS PLAYERS.
The new melodramatic comedy
which Miss Florence Roberts, the
most New York star, will appear
in with the Robins Players next week
at the Alexandra. "The Claim" is a
clever, wholesome story of the west
set in today. The central figure is
a poor, tawdry "Honkey" Trunk
singer, who abandons her child be-
cause she feels that she is not fitted
to battle for her life. The child is
adopted by one of the miners and
how later when the mother learns that
the miner has struck it rich she
determines to blackmail him and for-
get one of the most gripping stories ever
dramatized.

"THE CRISIS" IN PICTURE.
No pictorial drama has attracted
the same attention as "The Crisis,"
which will be presented for the first
time in Toronto at the Grand Opera
House next week with a special or-
chestra and stage effects. Winston
Churchill's famous story has been
given an elaborate setting for the
various scenes. The titanic figure of
Lincoln, the great emancipator,
is depicted in a magnificent way
from a detailed version of the
story that is intensely interesting,
showing the battle of Vicksburg.

STAR THEATRE.
The Merry Burlesques, the big
musical burlesque of the year,
opens for one week at the Star
Theatre next Monday. There is a
chorus of twenty shapely and origi-
nally costumed girls, who sing and
dance with extraordinary ability. The
principals of the company are Caroline
Warner, Bessie Crandall, James X.
Francis, Lou White and Irving Gage.

ETHEL BARRYMORE AT STRAND.
Ethel Barrymore is always a prime
attraction with Toronto audiences, and
in "The Awakening of Helena Bishop,"
the fine photodrama in which she is
being seen at the Strand for the first
time, she does work of a high order.
The story is that of a noble, splendid woman
who learned life's deeper lesson and awoke
to its higher meaning.

"THE DEEMSTER" AT STRAND.
For the whole of next week there
will be presented at the Strand
Theatre "The Deemster," by Hall
Haine, a massive production of the
Arrow Company, in which the
powerful realism and impending tragedy
of "The Deemster" is Hall Haine's
greatest work. The leading part of
Haine is played by Derwent
Hall Haine, the author-dramatist's
son, and he interprets the character
with amazing force and fidelity.

Sir Edward Carson Says Step is
Made Toward Federation.

Canadian Associated Press Cable.
London, May 24.—Sir Edward Carson,
speaking today before the British
Empire Producers' Association, said:
"Do not imagine there is not a re-
volution going on in this country and
the empire. True it is, the King was
never more safely or securely fixed on
his throne. He has rallied round him
the undying loyalty not of a limited
kingdom alone, but of his great em-
pire, who had found the great cop-
ies of the imperial edifice was His
Majesty the King."
The people talked wildly, continued
Sir Edward, of the imperial federation,
but there would be no imperial federa-
tion if they meant by that any act of
parliament which was going to bind
together the various units making the
British Empire. The imperial council
to meet yearly was the closest ap-
proach we could get at the moment
to the ideal they and we were aiming
at. Therefore, he said, revolution was
proceeding in the empire.

**PAPER GIVES WARNING
OF TOO MUCH PRAISE**
Has Fears of Overseas Troops
Overshadowing British Regi-
ments in Honors.

Canadian Associated Press Cable.
London, May 23.—The Truth this week
says: "We are glad to see that during
the last week or two a certain British
regiment has been allowed to share
in the honors of war. It was beginning
to seem as if the only people who did any-
thing were the Canadians and Aus-
tralians, the on a front of fifty miles this
is manifestly absurd. It is quite right
that all the honor due them. Nobody in
the army or on the outside will grudge
it, but it is a danger to the empire to
view to bestow all the compliments on a
few of the soldiers."
The Canadian Press yesterday saw a
letter from a Montreal woman to her
husband who was in the front. He was
wondering that the Canadians had so many
casualties, seeing they did so much of
the fighting.

Inspection of the casualty lists of every
corps the front, however, reveals
correspondingly heavy casualties, which
shows that the fighting has been borne
equally by all.

**PARIS WELCOMES
FRENCH MISSION**
Huge Crowds Wildly En-

Trip to United States.

Paris, May 24.—Enormous crowds,
cheering tumultuously, welcomed the
French mission to America on its ar-
rival here. Premier Ribot, Minister
of the Interior Malvy and other mem-
bers of the cabinet were at the station
to welcome the envoys.

The police lines were broken thru
by the throngs of spectators, who
surrounded the automobiles, waving
flags and handkerchiefs.

Premier Ribot congratulated the
members on the results of their mis-
sion. Various members of the cabinet
were at the station to greet their re-
spective chiefs, as well as numerous
members of parliament. All the way
from Brest, Le Havre, Rennes and Char-
leville, crowds filled the stations, and
M. Viviani and Marshal Joffre received
deputations of the provincial authori-
ties.

After the official reception was over
M. Viviani, discussing his departure
from Washington, said: "I told Presi-
dent Wilson how deeply touched I was
by the manifestations of the sympathy
of the American people. The president
replied simply: 'We are brothers in
the same cause.'"
