The largest sum ever paid to puglilsts for a ten round contest such as Willard and Moran are asked to sign for, was the \$32,500 purse given for the McFar- land-Gibbons bout here Sept. 11, 1915. McFarland received \$17,500 and Gibbons \$15,000. The gross receipts were an- nounced as \$58,069. Now Willard is of- fered as much for ten rounds as these two ring stars received jointly. Conbett and Sullivan fought for a purse of \$25,000 with a side bet of \$10,- 000 each, so that the entire value of the purse was \$45,000, or less than Willard and Moran have been offered for a ten round no-decision bout. The largest gate in New York's puglistic history was \$65,000 taken in at the Jeffries-Sharkey twenty-five round fight at Coney Island Nov. 3, 1899. This amount would not cover the expenses of the proposed bout according to the promoters striving to land the attraction. The largest gate in New York's puglistic history was \$66,300 taken in at the Jeffries-Sharkey twenty-five round fight at Coney Island Nov. 3, 1899.
