LEAGUE DELEGATES DENY COMBINATION TO ADMIT GERMANY

Labor Council Demands Enforcement of Law Affecting Chinese Restaurants

DENY COMBINATION TO FORCE GERMANY INTO THE LEAGUE

Argentine Republic Delegate Declares Rumor is False—League Completes Organization, With Election of Six Vice-Presidents, of Whom Sir George Foster is One.

Geneva, Nov. 18.—In a somewhat agitated session today, the league assembly completed its organization by the election of six vice-presidents, who, with the six chairmen of the committees elected yesterday, form a sort of executive committee of the assembly. The non-European nations, for whom much solicitude was shown yesterday, had no complaints to make, as they obtained four vice-presidents instead of the three they had asked for. These were: Viscount Ishii, Japan; Honorio Pueyredon, Argentina; Sir George E. Foster, Canada, and Rodrigo Octavio, Brazil. The other vice-presidents are: H. A. Yankaushek, Holland, and Dr. Eduard Benes, Czechoslovakia.

Picturesque features of the session were furnished by Baron Hayashi, head of the Japanese delegation; Dr. Fridtjof Nansen, of Norway; Gustave Ador, ex-president of Switzerland, and the two leading members of the Brazilian delegation. Baron Hayashi, usually an impassive observer of the proceedings, attracted attention when he arose to ask the delegates to vote for Viscount Ishii, Japanese ambassador to France, if Japan was to have a vice-president. The whole assembly looked on with great interest when, after M. Ador, who is also an ex-president of the International Red Cross, had graciously replied to the remarks of Dr. Nansen regarding the election of Ishii, the speaker rushed down a side aisle with characteristic steel-trap action to grasp M. Ador's hand in a handshake so warm and real that the secretary was commended to the spectators.

Mr. Rowell Objected. A curious result of the first ballot (Continued on Page 6, Column 5).

BRITAIN REFUSES CREDIT TO GREECE

Queen Mother Olga to Take Oath of Regent on Thursday Next.

ATHENS IS QUIET

Athens, Nov. 18.—Parliament will be convened next Thursday, and Queen Mother Olga will then take the oath of regent.

Great Britain has notified Premier Rhalis that it will refuse a credit guarantee for a new issue of bonds amounting to 400,000,000 drachmas.

Former officers and civil servants under King Constantine are being reinstated, while the Venizelists are resigning offices.

It is expected that General Nider will be the new commander of the army.

If the Balkan balance is upset it is anticipated here that the Serbs will grab Salonica.

Athens was quiet today, except for scattering shots at various places. Soldiers were walking up and down the principal streets joyfully firing their revolvers and rifles. The portrait of Constantine has replaced that of Venizelos in the shop windows.

George Rhalis, the new premier of Greece, with three members of his cabinet, took oath of office before Admiral Coundouriotis, the regent, yesterday afternoon. Those who qualified in company with the premier were M. Gounaris, minister of war; M. Baldaris, minister of interior; and M. Callogeropoulos, minister of finance. M. Rhalis will hold the portfolio of minister of foreign affairs.

M. Venizelos left the city secretly yesterday afternoon on his way to Nice. The Greek yacht Narcissus was waiting for him and was escorted by three British war vessels. Prisoners being detained in jails have been released.

MONTREAL SUGAR MEN HAVE DECLARED TRUCE

Montreal, Nov. 18.—A truce has been declared in the sugar war, and with the denial of officials of the Dominion Sugar Company that its price has been reduced to \$11.75 per hundred pounds and the statement that the firm was still offering sugar at the old rates, once more a uniform price is being charged by all the refineries. The big four have followed the Dominion Sugar Company in their price-cutting, and the Atlantic, Acadia, St. Lawrence and Canada refineries are now selling to the wholesalers at \$12 less five per cent. per hundredweight.

SCHOOLS CONGESTED, NOBLE DECLARES, IN ANSWER TO MAYOR

Elaborate Argument to Support Contention That Big Outlay is Needed.

JOY RIDING DENIED

Strong resentment was expressed by trustees at the board of education meeting last night at the publication of a statement that the trustees had expended lavish amounts in joy-ride outings to various cities, chiefly in the United States. Declarations that the trips were strictly on business in the interests of the Toronto school system were made.

Rev. F. E. Powell expressed the view that the press was allowed to know too much.

Trustee Boland's motion that a statement of the trustees' trips, the expense and work done was ordered published by the secretary.

Dr. John Noble presented a categorical reply to Mayor Church's charge that there was no necessity for crowded schools. In his statement Dr. John Noble said:

"Sixty-nine classes on part time, fifty-one classes in part time, two classes are in basements—these are not properly heated or lighted, and are otherwise unsanitary; two classes are in a shed, and two classes in halls. (Continued on Page 4, Column 4).

THREE PER CENT. DECLINE IN U. S. FOOD PRICES

Washington, Nov. 18.—A decrease of three per cent. in retail food prices in October throughout the United States was noted in statistics on the cost of 23 articles of food, made public today by the department of labor.

Greatest decrease were in prices of sugar, 24 per cent, and potatoes, 15 per cent. The price of eggs increased 14 per cent.

SCOTLAND YARD TO TAKE A HAND

Will Question Washington D. Vanderlip Regarding Activities in Russia.

London, Nov. 18.—The United States embassy here was notified today that Washington D. Vanderlip, California oil and mining engineer, who was recently in Moscow, will be questioned by Scotland Yard on his arrival in London, if the present plans of the police are carried out. The notification was given as a matter of courtesy and is not given in like cases of lesser importance.

The interrogation will not necessarily be made with a view of taking action against Mr. Vanderlip's presence in England, it was said, but with the intention of ascertaining exactly what his activities had been in Russia in view of the many conflicting reports published in London. Such interrogation, it was pointed out, would be in conformity with the recently adopted attitude of the British government of discouraging travel between Russia and England.

DANGER OF COAL STRIKE IN PARIS IS AVERTED

Paris, Nov. 18.—Representatives of the miners and mine owners met at the ministry of labor today and reached an agreement removing the danger of a coal strike. The differences will be submitted to local conciliation boards for adjustment. Both men and employers appeared to be satisfied with the settlement.

REGINALD FARRER DEAD.

London, Nov. 18.—News was received in London today of the death in India of Reginald Farrer, a well-known English writer. Death was due to diphtheria. He was born in 1889, and after he had finished his education, traveled extensively. His writings included a number of novels and books on horticulture, travel and the drama.

British Ships Neutral In Crimean Evacuation

London, Nov. 18.—An authorized statement has been issued denying that the British government contemplates evacuating General Wrangel's forces or stores. The statement says the British ships have been engaged solely in removing British subjects from the Crimean and a small party of Russian children from a hospital at Sebastopol.

MEIGHEN IS BACK FROM THE WEST IN BEST OF FORM

Proceeds to Hamilton to Rest Up for Big Meeting in Toronto.

CALDER DENIES RUMOR

The Right Hon. Arthur Meighen prime minister of Canada, was in Toronto for a short time yesterday afternoon, while his car was being shunted from one track to another. He arrived from Winnipeg about four o'clock, and left almost immediately for Hamilton, where he will rest up for a few hours preparatory to his speaking at Massey Hall tonight, and at Aylmer, Ontario, tomorrow, where he will address the closing meeting of the campaign for the government candidate in the East.

Mr. Meighen declined to make any public statement during his brief stay in Toronto. He did say that he was feeling in the best of health, and that he had been too busy to read any of Mackenzie King's speeches.

Hon. James Calder, who returned with the premier from the west, was a little more communicative. He laughed at the reported conversation that relations between the premier and himself were not of the closest at present. "It isn't very likely that I would be traveling with him for weeks, sleeping and dining in the same coach, if we were not of the most friendly terms, is it?" questioned Mr. Calder.

The way the premier has stood up on this trip is really amazing," he said. "Sometimes he has spoken as many as six times. Mr. Calder referred to the premier's wry frame, which seemed to be in the best of form.

Mr. Calder left the premier at Toronto, and proceeded to Ottawa last night.

Hon. T. A. Cramer was also in town on his return from East Elgin, and took the 10 o'clock train for Winnipeg.

Sir Sam Hughes was another visitor to the city, and he will stay over today.

No trace of either car or driver has been found so far as has been ascertained. The little boy was knocked down by the automobile at the corner of Bloor and Lippincott streets, suffering spinal injuries and may die. He was sent in police ambulance to the Sick Children's Hospital.

Yellow and White in a Canadian City

More Clergymen Are Interviewed—Intermarrying Due to Girls' Formation of Opium Habit—Colored People Have Their Own Churches, Why Not the Same for Chinese?

BY BILLEE GLYNN.

FOR the purpose of these articles I saw altogether about twenty ministers. At least a dozen of these, including some of the most prominent in Toronto, had married Chinese-white couples. Others expressed themselves as willing to do so if the couples came to them.

I have reported in entirety in this paper several interviews with these accommodating gentlemen. Because practically the same questions were asked in each case, I shall in this article set down only significant excerpts and outstanding statements taken from a number of interviews.

Nothing is added, nothing exaggerated—I have the exact notes taken at the time to bear witness. The alarming conditions revealed thru these articles cannot be denied in evidence. The present religious system of

U. S. WILL REFUSE TO RESUME TRADE WITH THE SOVIET

Will Not Follow Lead of Britain or France if Recognition Accorded.

MENACE TO THE WORLD

Washington, Nov. 18.—The collapse of the Wrangel anti-Bolshevik movement in South Russia is viewed by government officials here as having prompted the declaration by Lloyd George in parliament today that the British cabinet had decided to resume negotiations for resumption of trade relations with Russia.

At the same time, it was said, Great Britain is more interested in securing exemption from Bolsheviki propaganda in Asia Minor, Persia and India than in establishing actual commercial relations with Russia.

"The United States will not follow the lead of Great Britain or France, it was said, if those countries actually do recognize the present Russian government even if only to the extent of permitting trading. State department officials said no change in the attitude of the United States toward Russia would result from the British action. The United States government, it was explained, believes that Bolshevism is a menace to the stability of the world and that the Russians themselves are being held in subjection against their will by the Bolshevists.

The proposed action of the British cabinet will constitute a form of (Continued on Page 4, Column 4).

SMUGGLED ROYAL CASH TO HOLLAND

Berlin Branch of Amsterdam Bank in Trouble With Authorities.

Berlin, Nov. 18.—The states attorney has seized the books and archives belonging to the Berlin branch of an Amsterdam banking firm, which is charged with having negotiations regarding the smuggling of fortunes belonging to Hohenzollern princes and other members of royalty and nobility. The bank's quarters have been frequented by leaders of the German nobility, who, it is charged, maintained blind accounts with the bank's local branches, which began operations in Berlin soon after the revolution.

The former crown princess is named among those who have been the personal guests of the head of the bank, whose family also is reported to have enjoyed the hospitality of the former crown princess at her residence near Potsdam.

The state attorney's raid was "tipped off" to the head of the bank, who is believed to have made his way to Holland. The majority socialists are pressing the government for a statement in the reichstag on the bearing of the incident.

PREMIER MEIGHEN AT MASSEY HALL TONIGHT

The Right Hon. Arthur Meighen, prime minister of Canada, will address a large meeting of Toronto citizens in Massey Hall tonight. J. R. L. Starr will preside, and other speakers will be Hon. Hugh Guthrie and Mayor Church.

The side doors will be open until 7:30 p.m. for ticket holders, and the main door will open at that hour. The band of the 11th Regiment will play from 7 o'clock.

Detroit, Mich., Nov. 18.—Five armed men this afternoon held up three clerks in an east side branch of the Wayne County and Home Savings Bank, and after compelling them to lie on the floor, escaped with an undetermined amount of cash. Bank officials ascertained the bandits secured less than \$5,000.

CURB UPON CHINESE REQUIRED, IS VIEW OF LABOR COUNCIL

Are Increasing Army For Winter Campaign

Resolution Says Strong Effort Will Be Made to Have Order-in-Council Respecting Employment of White Women by Chinese Restaurateurs Rescinded and Calls for Counter-Measures

The complete disassociation of the Chinese from white girls in all phases of restaurant, hotel or domestic employment is strongly advocated in a resolution drafted by the Cooks' and Waiters' Union and passed by the Toronto District Trades and Labor Council at its meeting last night in the Labor Temple. The framers of the measure claim the most concrete evidence to favor the legislation which they propose, and emphasize the resident Chinese as a sinister yellow peril to the girl life of the country.

"Business Agent Richard Russell of the Cooks' and Waiters' Union, in discussing the resolutions preceding the drafting of the resolution, stated that they had revealed an inconceivably wide area over which the influence of the Celestial upon the white girl is permitted by law to operate. The native Chinese restaurants, he stated, were by no means their most insidious breeding ground, but reputable white hotels and restaurants employed entirely Chinese kitchen help and thrust their Canadian waitresses into association with them. The bald fact was, he concluded, that these arrangements had been found strangely conducive to immorality.

Boarding schools, and even private homes, he continued, had been found surprisingly lax in the desirable segregation of the white girls from Chinese employes. Scholars would find abundant opportunities of communicating with the domestics and practically no attempts were made to separate the white chamber-maid from the yellow cook.

As regards native Chinese restaurants, Mr. Russell denounced, with two exceptions, the local establishments. They were found, he stated, to have girls in their employ of unfortunate moral instability, and they offered them only the poorest of working conditions. A low wage scale, rendered unprofitable by the fact of only rush-hour employment, was the general order.

Strong Resolution. The resolution in which the council concurred, and which will have its most heavy effect on operation, reads: "We, the members of locals 300 Waiters' and Cooks' Unions, 424 Waitresses, and 599 Domestic Workers, do hereby adopt the following resolution: The executive of the Toronto District Labor Council in the following case:

"On December first, there should come into force an order-in-council prohibiting the use of white girls as waitresses in Chinese restaurants, and, if having come to our knowledge that a Chinese deputation is every at this moment practically knocking at the governor-general's door in an attempt to have this order rescinded, we, the members of local organizations, do ask this council to give us their support to the following resolution:

"That we, comprising 95 per cent. of the culinary workers of the city, do hereby adopt the following resolution: We do ask the support of the executive of the Dominion Trades Congress of Canada to see that this order-in-council is upon no account whatsoever rescinded. And furthermore, we ask the support of the Trades Congress to see (1) that white restaurants shall also be prohibited from employing Chinese kitchen help, where they employ white waitresses; and (2) that Chinese domestics shall not be employed in colleges, boarding schools and private homes as domestics, or in any other capacity where they are continually brought into contact with white girl scholars and white girl domestics, since they are thus afforded many opportunities of influencing the white girls of this city."

OIL HUNTERS READY FOR SUB-ARCTIC TRIP

Edmonton, Nov. 18.—Five parties are now reported to be making ready for a winter overland trip to Fort Norman. The winter mail is due to leave Edmonton on Nov. 25, and it is expected that the oil hunters will go with it. As yet, however, none has been passed by the Royal Canadian Mounted Police as properly equipped and otherwise qualified to make the trip.

The volume of winter travel to the north is likely to be somewhat delayed by weather conditions.

CORN, OATS AND HOGS AGAIN DROP SHARPLY

Chicago, Nov. 18.—Corn and oats tumbled in value today and pulled down quotations on hogs to a point under any reached in nearly four years. Wheat also declined sharply, influenced by the depression of other grain. Country loadings of corn were said to have increased, and this circumstance, together with new low price records for commodities aside from corn produced led to general selling of feed-stuffs and then of wheat and hogs.

An extreme loss of six cents a bushel was shown at one time in wheat as compared with yesterday's finish. May delivery falling to \$1.67. Corn went to 69 1-2 cents, December, and oats to 45 1-4 cents, December. The average price of hogs today was about \$12.10 a hundredweight, a loss in many cases of 75 cents since yesterday.
