

### Rector's Statement.

---

The Rector has much pleasure in handing over for publication the following reports of the spiritual work done in the Parish, by himself and his Assistants, and also by the many godly and earnest men and women who have voluntarily, and for the love of Christ, given their time, labour and means for the work of God, in our midst during the past year.

The Rector would take this opportunity cordially to thank them each one, were he not well aware that their works and labourings of love have been prompted by the high and pure motives of love to Him who first loved them, and that their one reward is His approval and blessing.

As year after year passes over our heads, calling for a return of our work, may we realize more and more the ever increasing opportunities opening out before us in this Parish and neighbourhood, and the corresponding privileges of serving therein the Lord Christ. May our Great Lord and Master's words become the very language of our hearts, "I must work the works of Him that sent Me while it is day. The night cometh when no man can work."
