BOY SCOUTS AND CUBS ARE ACTIVE

Good Reports Are Sent in From Troops and Packs

Meetings of Week Well Attended and Early Enthusiasm is Shown.

The Boy Scouts and the Wolf Cubs of the city, judging from reports sent in this week, have taken up the fall and winter activities with right good will. All seem to be much pleased with what they are doing for themselves and with what the leaders are doing to assist the work. Here are reports from various troops and packs.

ST. JUDE'S TROOP, NO. 5.

The programme on Monday was fast and interesting. Features were two new games, intensive signalling instruction and practice, tests for various badges, and instruction and examination of four Scouts for the first class judging tests. They will have to pass another examination before they are finally graduated. The S. M. and the other leaders kept all busy and all enjoyed it immensely. It is planned to have a paper phase in about two weeks. The Gilwell committee is to visit us for three weeks commencing Oct. 26 and we expect they will help a great deal. A suitable place to build a log cabin for use in winter months is now being sought. St. Jude's extends a hearty invitation to all troops to visit them. Here Monday evening. The meetings commence at 7 o'clock.

YOUNG JUDAEAN TROOP, NO. 13.

Twenty-nine were at Wednesday evening's meeting, this made four patrols with 100 per cent. attendance of seven each, and one troop leader. The evening was busy as usual. The Scouts specialised on second class work in the first aid division. Signalling also occupied a good deal of time. The council circle programme was very good. The troop is adopting the idea of having each patrol contribute to the weekly council circle programme. A debating team is being organised. The patrol leaders meet each week for a special instruction period with the Scoutmaster in charge. This helps wonderfully in the patrol corners when the P. L.'s are in charge.

TRINITY TROOP, NO. 17.

On Monday the second meeting of the season showed a marked increase in attendance and results. Rev. C. Gordon Lawrence, chairman of the Troop, gave a fine talk on "The Master Roll of St. John's." The King's American Legion, representing the original muster roll from February 24 to April 26, 1925, showing the names of ancestors of Mr. Lawrence, was presented by a fine programme of reciting in charge of the S. M. and the A. S. M. The troops are away to a fine start for the best season yet.

SUNRISE TROOP, B. I. H., NO. 4.

There was another fine meeting on last Wednesday evening. Scoutmaster O. J. Lawson completed the registering of all in the troop record book, so that when any leave for home the Scoutmaster can arrange to have him carry on scouting there. One new game was played, Striking the River. Word is awaited from No. 6, Edith Ave. Troop, concerning a challenge to football games for the Brindle Cup championship. The hike last Saturday was postponed owing to the rain. It may be held today.

ST. GEORGE'S TROOP, NO. 12.

On Wednesday St. George's Troop had another bang up meeting with 24 boys present. A new patrol was formed with Hazen Mitchell as patrol leader and Richard Lee as his scout. The troop is well away on the season's activities and looks for a very successful year. The new recruit, Rev. John Unsworth, takes a great interest in the troop, and has composed a fine troop yell. On Sunday the troop will attend the children's day service in St. George's and will parade a body. All that have uniforms will appear in full Scout kit.

ST. JUDE'S CUB PACK, NO. 5.

The pack committee, composed of Rev. J. H. A. Holmes and the mothers of three of the cubs, met on Tuesday evening in the vestry. Cubbing literature and handbooks were distributed. It is planned to purchase a cub flag soon. G. Earle Logan kindly presented to the pack a fine Union Jack, which will be used at each meeting. This first meeting of the committee proved very successful. Plans were made for the future of the pack.

The Pack meeting on Wednesday evening was very satisfactory. Rev. J. H. A. Holmes gave an interesting talk on Loyalty. The new flag was used. Other features included games, an exhibition of tumbling by Second Ken-

Best Way to Loosen Stubborn Cough

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make the splendid cough syrup, pour 2 1/2 ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

KIRK PACK, NO. 4.

The meeting on Thursday afternoon was somewhat marred by the absence of four of the best members, who were unable to be present on account of sickness. Four Cubes passed the First Star tests with the exception of the sleeping, which part they expect to complete soon. The lady cubmaster, Mrs. J. H. Cunningham, has been giving one new game at each meeting. The programme is divided into 15-minute periods, and each period is full of interest and activity. A meeting of the Sixers in Council was held and proved very successful.

ST. JAMES' PACK, NO. 19.

Last Tuesday's meeting opened with 21 Cubes present. One new boy joined. Games were played, and several Star tests were passed. Five boys passed their Tenderpad tests and will be invested next Tuesday evening, when the district cub commissioner is expected to visit the pack. The investiture ceremony was practiced. Plans were made for a surprise visit to another Pack next week.

ST. GEORGE'S PACK, NO. 21.

A second meeting of the season came off last Thursday with 20 boys present. The programme consisted of games and new Cub work which all enjoyed. The cubmaster, with the assistant cubmaster and the four Scout instructors, were on hand, and it was a fine meeting. A hike to Duck Cove, weather permitting, is planned for today.

CHAPLIN TO MOVE STUDIO.

LOS ANGELES, Cal., Oct. 16.—Charlie Chaplin has announced that he plans to move his motion picture business to New York in the near future. He denied a report that the Chaplin studio would be moved to England.

Minard's Liniment for Colds.

TAX ON CAPITAL IS HINTED BY HERRIOT

French Premier Gets Support of Radical Socialists at Nice Convention.

NICE, Oct. 16.—That the party of the Left will continue in power in France, seems perfectly clear from the reception the delegates to the Congress of Radical-Socialists have given to former Premier Herriot's opening address, intimating that France's debts can be paid only by a tax on private fortunes.

Consequently, it is asserted, if Finance Minister Caillaux wishes the support in parliament of a majority drawn exclusively from the parties of the Left for his financial measures, these must include some form of tax on capital. What is considered as confirmation of this was furnished at a meeting of the committee on policies at which a group, headed by Henry Franklin-Bouillon, president of the foreign affairs committee of the Chamber of Deputies, which was desirous of breaking with the Socialists, was outvoted after a lively debate.

WAR DEBTS.

The following resolution was adopted by the political and financial commission and will be presented at a general session of the congress today. "The congress invites the present government and all future governments to enter into an undertaking never to pay the allies any more than France receives from Germany."

ALL SETTLED NOW

Everything Cleared up in Milk Situation by Dealers and Producers.

The milk dealers of the city and milk producers of Kings county have now reached a complete and final settlement of their disagreement on the price question which for a time threatened to bring a milk strike and a consequent milk famine in Saint John. The last obstacle to an agreement between the dealers and producers was removed at a meeting held in Sussex on Thursday night when P. J. Donegan, manager of the Pacific Dairies Limited, was present and consented to the cancelling of a contract which he had entered into with 20 shippers from Kings county to buy milk at 40 cents a can until December 1. Mr. Donegan agreed to the new price of 50 cents on eight quart cans as the price which his company will pay for milk from these shippers up to May 31 of 1926.

The meeting was attended by about 150 milk producers, representative of producers from all points along the C. N. R. from Rothesay to Sussex. A. R. Smith, president of the Kings County Milk Producers' Association, said last night that entirely satisfactory arrangements had now been made between the dealers and producers and there would be no milk strike.

NORWEGIAN PAINTER DIES.

OSLO, Oct. 16.—Christian Krogh, noted Norwegian painter, is dead at the age of 73. He devoted himself largely to portraying sailors and fishermen and landscapes of a simple type.

A Profitable Profession for Women

Paying \$30 a Month and Living while in Training

McLean Hospital School of Nursing offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$80 per month. This course is open to young women who have had one year or equivalent in high school. Entrance in January and September. For information apply to the

HISTORY USED IN N. B. IS CRITICIZED

Richibucto Principal Contends Text Book Has Outlived Usefulness.

RICHIBUCTO, Oct. 16.—The Kent County Teachers' Institute concluded its two day convention here today. Miss Lulu McNairn was elected president. Several papers were read dealing with school subjects. Miss Kathleen Woods, B.A., Principal of Richibucto Grammar School read an interesting paper on History. This paper emphasized the contention that the present text book in history had outlived its usefulness.

Several of the teachers were of the opinion that the amount of history required for the Seventh Grade was excessive, and that the amount of pressure needed to cover the requirements in this grade tended to give children a distaste rather than a liking for history.

OFFICERS ELECTED.

The election of officers resulted as follows: President, Miss Lulu McNairn; vice-president, Miss Delma

Richard; secretary, Miss Bessie Ferguson; executive committee, Miss Palmer, Miss Jalliet, Miss Davidson, Miss Gilvan and Mr. LeBlanc.

CALDWELL ASSAILS HIGH PROTECTION

Declares it Would Enrich Manufacturer at Expense of Consumer.

WOODSTOCK, Oct. 16.—Declaring himself in support of tariff for revenue but strongly opposed to a tariff policy which enabled manufacturers to extort illegitimate profits at the expense of the consuming public, T. W. Caldwell, Independent Liberal Progressive candidate for Carleton-Victoria, addressed a capacity meeting at the Capital Theatre here tonight.

The speaker assailed his opponent in the constituency for the mistakes which he charged Hon. J. K. Flemming with making when his administration attributed to the present increase in the national debt when

In truth, the speaker continued, the King Government in its third year of office had reduced the net debt forty-two millions of dollars.

OLD FOLKS CONCERT.

A most enjoyable "Old Folks" concert was held last night in St. Philip's church hall, under the auspices of the

Willing Workers of the church, in aid of the church funds. The hall was filled to capacity and the audience very heartily applauded each number of the very fine programme. Rev. C. M. Morgan, the pastor, was the chairman. The programme was arranged by Mrs. Rupert, who deserved great credit for the success of the entertainment.

IN QUEENS COUNTY.
SUSSEX, N. B., Oct. 16.—Dr. D. H. McAllister, the Liberal candidate in Royal, left today for Queens county accompanied by Harold Perkins, the Progressive candidate in 1921, where they are holding a political meeting this evening by special request at Cumberland Bay.

Why cars cost less on the GMAC Plan

The GMAC Plan was established by General Motors six years ago to make possible the purchase of its cars on time at the lowest possible cost. The volume of GMAC financing operations has made GMAC rates extremely low—and now they are still lower.

The GMAC Plan is simple, convenient and entirely confidential. Ask dealers handling the cars named above to explain the advantages of the Plan and compare the standard GMAC rates with any other rates.

When Safety depends on Tires as well as Brakes

Slippery pavements—the sudden warning to stop—brakes instant, unflinching response because the car is shod with Full-Size Gum-Dipped Balloons.

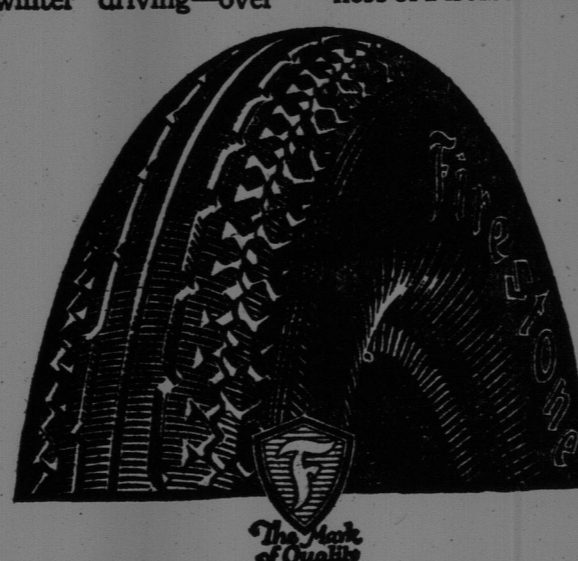

Think what this traction and safety mean in fall and winter driving—over wet roads, muddy grades, snowy stretches or detours.

In developing the balloon, Firestone went to the very foundation of tire building, changing all vital elements—size design, cross section, sidewall, tread and air pressure. Real balloon tires must have light, strong, flexible

walls. Gum-Dipping, the Firestone extra process, gives this extra strength to endure this extra flexing strain.

Over two years of real service by thousands of motorists have proved the soundness of Firestone engineering. The principles which underlie this development have never been altered from original plan.

Be ready for driving anywhere this fall and winter. Have the Firestone dealer equip your car with Full-Size Gum-Dipped Balloons, and enjoy the safety, comfort and economy of these wonderful tires.
