WANT MORE ROOM TO STORE SUGAR

Atlantic Refinery Asks for
Machinery Hall

Expect to Resume Operations
on Jan. 1—Douglas Avenue
and Visart Street Water
and Sewer Matters Post-
poned.

An application was made at this morning's committee meeting of the common council by the Atlantic Refinery for permission to store raw sugar in the machinery hall at the exhibition grounds. The application was made in writing and F. H. Gibbs, traffic manager of the company, appeared to explain the matter.

The mayor said that if the accommodation would assist the refinery in starting operations at an early date, thus making employment for the men who are now out of work, he would be in favor of giving anything that was possible. There was a ship now in the stream with sugar cargo and the company was looking for a place to store it.

Mr. Gibbs said there was no storage space at the refinery owing to repairs at the dock. Shipping people were of the opinion that any more space taken up on the west side might interfere with the winter port traffic. He said the machinery hall would take about 3,500 tons and would be sufficient to look after the raw sugar coming in until the refinery resumed operation, which he expected would be about Jan. 1. He said the cargo now in the stream could be discharged at either the Pettigill wharf or Long wharf. He said they were paying twenty-five cents a ton a month storage on the west side.

Mr. Bullock was of the opinion that the same charge for storage should be made on this side. Commissioner Thornton said that he had been told that the refinery would bear the cost of moving of the public works equipment now stored in the machinery hall.

On motion of Commissioner Thornton the matter was left to the commissioner of public works, the commissioner of public safety and the solicitor to give agreement with the company, if it could be arranged. They were given full power to act.

Douglas Avenue Services.
Commissioner Jones reported that the lot owners in Douglas avenue had failed to comply with notices sent them regarding making connection to the sewer main and he moved that he be given authority to go ahead with the work, the cost to be charged to the owners in question, and that, if they desired, he be given ten years in which to

make payment in annual payments. He also moved that he be authorized to call for tenders for the work. He said that if the work was got under way immediately it might assist in the unemployment problem.
The question of the ten annual payments was discussed at some length and it was finally decided to leave the matter over to the council meeting tomorrow.

Visart Street Water.
Commissioner Jones presented a resolution regarding water extension to the people on Visart street. He said that he reported previously that the cost of going through Visart street would be about \$14,000, while taking the main around the old Adelaide road the work could be done for \$4,500 and an additional \$2,000 would provide a sewer. He moved that he be authorized to extend the water and sewerage services from Adelaide avenue along the old Adelaide road to the foot of Visart street or the southerly end of the old Adelaide road, at a cost not to exceed \$4,500, to be paid by bond issue, provided that the owners agreed to pay the cost of construction of the sewer and guarantee the old rate range and this was the most natural way for it to grow.

It was decided to bring the matter up again tomorrow.
Commissioner Bullock moved that, on surrender of a lease of a lot at the corner of Crown street and King street owned by a strip of land 4,500 feet long in the centre of the most populous ward in the city, and it would not cost \$2,400 for 450 feet of sewer in that locality. He said he was not going to stop at the militia department's first refusal. He said the lot was 4 1/2 x 60 feet and was the most natural way for it to grow.

THOMPSON-JORDAN.
A wedding of much interest took place yesterday morning at the residence of Mrs. John A. Thompson, "Sunnyside" Lakewood, when her daughter, Miss Ella Marion Jordan, was united in marriage to Captain Augustus Pullen Thompson. The ceremony was performed by Rev. J. B. Gough and after the bridal party attended worship in the Silver Falls Methodist church. After service a dainty luncheon was served at the bride's home. Mr. and Mrs. Thompson will leave this evening to visit friends in Maine and will go to New York and Philadelphia, and from there to the West Indies where they will spend the winter. The bride was given in marriage by her brother, B. B. Jordan. Captain Thompson is a well known mariner of Machiasport, Maine, and his ship is now in New York harbor. The bride is a graduate nurse and is well known in Silver Falls, and will be missed from the Methodist church where she was an active worker. A large circle of friends wish them much happiness.

Y. M. H. A. FAIR OPENS TONIGHT

The big Y. M. H. A. fair opens its doors at 7:30 tonight with everything in readiness for a banner opening. Y. M. H. A. building, 24 Horsfield street, is tastefully arranged with lights, flags and bunting and presents a most attractive appearance. The individual booths are prettily decorated with some new and novel ideas. The ladies' fancy goods and home cooking booth has some very attractive hand-made wares which are priced extremely reasonable. The merchandise wheel is a distinctly novel feature of the fair. Here one may fortunate obtain from a beautiful pair of \$15 shoes to a warm winter blanket for ten cents. The door wheel has some of the latest New York novelty dolls which would make mighty fine Christmas gifts for the kiddies at the same time.

The candy wheel makes a new departure from the ordinary run of such wheels, as it offers a most beautiful line of Christmas packages of chocolates which will be most suitable as Christmas gifts. A guessing contest also offers much entertainment for which real fine prizes will be given. There will also be the usual percentage games and a lap roll down race. Music in a quick. There is no average party. To a certain type of individual Dickens may be wholly satisfying; while another may want nothing other than the sociological novelties of H. G. Wells and there are people to whom Dante's Divine Comedy is even today food fit for the gods.

Books and Readers.
(Detroit Press.)
A book to be worth something to a reader ought to be chosen with regard to this particular reader's needs and capacities at the time the book is read. No doctor would think of prescribing a remedy for a patient whom he has never seen and concerning whose illness he knows nothing. If he did he would be a quack. There is no average party. To a certain type of individual Dickens may be wholly satisfying; while another may want nothing other than the sociological novelties of H. G. Wells and there are people to whom Dante's Divine Comedy is even today food fit for the gods.

THE TIME SAVER was so called because it both washes and wrings clothes faster than any other power machine. There are over 7,000 TIME SAVERS in use in Canada today. Over 30 are in use in the city of St. John.

The TIME SAVER which has been doing all of the washing at the Provincial Memorial Home for Children on Wright street for the last year, has been in use for from three to five hours almost every day since it was installed. It has done as much washing already as it would do in the average home in over 12 years, and is still working as good as new.

The TIME SAVER was built for utility. It is simple to operate and has the fewest possible working parts. It is built to run fast by having all of the moving parts built onto one heavy solid iron bed-plate. This means that no part can get out of alignment and there are no complicated gears or adjustments to be looked after by the women who must operate the machine.

The TIME SAVER is sold direct from our St. John warehouse, 173 Rothesay Avenue, at \$125.00 complete. Telephone Main 3160 for demonstration in your home.

FREDERICTON MAN DIES SUDDENLY IN GALT, ONT.

Galt, Ont., Dec. 6.—Here on a visit to his brother, Charles, George Hill Offen of Fredericton, N. B., conductor of the private car Acadia, who was being deported because of failure to comply with the "continuous passage" laws. Ninety others who came on the same ship and were also ordered deported, have appealed to Ottawa, and are held here pending the result of that appeal.

HON. MR. CARVELL HERE TO LOOK INTO COAL PRICE MATTER.
Hon. F. B. Carvell, chairman of the Railway Commission, who is also investigating the distribution of coal in Canada, arrived in the city this morning in his private car Acadia. In conversation with a reporter, he said, he has an idea that the price asked for coal by the Canadian National is too high and is here to investigate the matter. He is holding a meeting with local dealers this afternoon.

With reference to raising the level of the new C. P. R. bridge over the reversing falls, he said, he may hold a conference with Mayor Schofield this afternoon, but his visit to the city was primarily to investigate the coal situation. He will leave this evening for Woodstock and tomorrow will proceed to Ottawa.

BOY KILLED; HIS FATHER FINDS BODY.
Yarmouth, N. S., Dec. 6.—Eugene Jeff, aged sixteen, was accidentally killed yesterday on the shores of Pleasant Point Lake, near here, when a shotgun which he was lifting from a host by the barrel, discharged its contents, blowing off the top of his head. His father found the body lying across the boat.

Political Rumor.
Ottawa, Dec. 6.—(Canadian Press).—More negotiations are under way looking to increased cabinet representation from Quebec. It is not thought likely that L. J. Gauthier, M. P. for St. John's, will join the government, but there is every probability that a French-Canadian will be soon taken into the cabinet, with some necessary shifting around of portfolios.
