Government To Continue Grant

Provincial Aid for Vocational Training—Will Pass Legislation for Additional Assessment

Announcement was made at the regular meeting of the school board last evening that Premier Foster had assured the board that the grant for the vocational training school will be continued, and it was further announced that the provincial government had expressed its entire sympathy with the delegation which had waited on it with regard to an increased assessment of \$50,000 for the board and had promised that if the matter were brought up before the house in the usual manner a bill to authorize the assessment would be brought in. In reply to a letter from the common clerk it was decided to investigate the situation in the city with regard to vocational training and the vocational training act.

The Trades and Labor Council of St. John by letter asked the board to use its influence to expedite the operation of the Vocational Education act and said that W. L. Adams, G. P. Henney and G. A. Redmore had been appointed by it to represent it for a local committee. On the motion of Mr. Day this letter was referred to the committee having the trade school investigation in hand.

The secretary, A. Gordon Leavitt, submitted his reports for October and November. In October there were eight school days and of 8,285 pupils enrolled there had been an average attendance of 7,421. In November there were ten school days and of 8,395 pupils enrolled there was an average attendance of 6,764 and a percentage attendance lower than had ever been recorded on the files.

Applications for positions on the teaching staff were received from Miss Laura P. Lingley, Miss Marion Weston and J. P. Alward and were ordered filed. Miss E. A. C. Hargrove's resignation from the Partridge Island school was accepted and Dr. Bridges' appreciative reply to her letter was read.

SCHOOL WINNERS.

At the meeting of the school board last night Dr. H. S. Bridges, superintendent, submitted the complete list of the prize winners for the various prizes and medals for the year 1918. The list follows:

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat. Also Take Glass of Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with bicarb, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Plans were formulated to assist in the Rosebud Day activities in aid of the Children's Aid Society. The alumnae have charge of King's ward under the following corps of workers, Mrs. B. P. McCafferty and Mrs. L. A. Conlon, captains, with Mrs. F. W. Duerr, Mrs. James McMurray, Mrs. Walter Fewings and Miss G. Killen, as lieutenants.

Celebrated The Naval Victory

The Navy League last night celebrated at Seamen's Institute the anniversary of Sir Doveton Sturdee's victory at the Falkland Islands on December 8, 1914, which practically meant the wiping out of what there was of Germany's power on the high seas. Colonel E. T. Sturdee, cousin of the victorious British admiral, occupied the chair, being president of the Navy League. That portion of the programme which held the most interest was the address given by Chief Justice H. A. McKewen who reviewed the naval history of the war from the summer of 1914 until the last German raider was driven from the seas.

Other items on the programme were an opening address by the chairman, four chanteys by junior members of the City Cornet Band; David Allen, solo; Miss Knight, solo; Miss Gunn, violin selections; trio, three soldiers.

WANTS BILLION OF THE WAR INDEMNITY

Toronto, Dec. 8.—A suggestion will be made to the federal government that \$1,000,000,000 of the \$40,000,000,000 which Great Britain is to ask as its war indemnity should be given to Canada to be used in the repatriation of returned soldiers and the upkeep of soldiers' wives and orphans, according to W. E. Turley, provincial secretary of the Great War Veterans' Association, who spoke at the people's forum today upon the aims and objects of the association.

Australian-London Air Service
 London, Dec. 9.—(British Wireless Service)—Australian commercial and financial interests are making plans to connect Australia with London and other parts of the British Empire by commercial airplanes. A company already has been formed to finance the survey of an aerial route to London by way of Sydney and Port Said.

The possibilities of flying from the commercial point of view are dealt with

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Try This! Your Hair Appears Glossy, Abundant, Wavy and Beautiful

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf! There is nothing so destructive to the hair as dandruff. It robs the life of its lustre, its strength and its life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair to fall out, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton Danderine from any drug store or toilet counter for a few cents, and after a first application your hair will take that life, lustre and luxuriance which so beautiful. It will become wavy, fluffy and have the appearance of abundance; an incomparable gloss and softness; but what will please you most will be after just a few weeks' use when you will actually see a life of downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the root invigorates and strengthens them. Exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.
