ALWAYS LOYAL TO EMPIRE

Dr. MacDonald Arouses Wild Enthusiasm at Toronto Meeting

CANADA AND THE STATES

We Trade With Them, Mingle With Them, But Will Never Follow Their Flag—Hon. Mr. Bryce on Closer Empire Union

(Canadian Press) Toronto, May 9.—There were scenes of wildest enthusiasm yesterday at a joint meeting of the Empire Club and Toronto Press Club, addressed by Hon. James Bryce, and others on imperial subjects.

On the question of closer union of the empire, Hon. Mr. Bryce said it was a very desirable thing, if only it could be attended with the most perfect unanimity on the part of the self-governing dominions as well as the mother country, but it is rather, for the dominions than for the mother country to make the first move in that direction.

At the conclusion of Mr. Bryce's address, Lieut-Governor Gilman expressed an expression of thanks and Dr. J. A. MacDonald, in seconding it, gave occasion for a sudden outbreak of enthusiasm among the audience, saying that Mr. Bryce might intimate to the people at Washington that "whether we traded more with them or less, we are Canadians and loyal to the empire. We would buy from them, sell to them, eat with them, drink with them, walk with them, talk with them, but we would not join their republic or follow their flag."

WATER DISCLOSES AUSTRALIAN GOLD

Launceston, Aus., May 9.—A rush of water near here, following a very heavy fall of rain, cut a gorge a mile long and of considerable depth along the side of a mountain. When an inspection was made it was seen that hundreds of gold bearing quartz veins had been laid bare. A rush of prospectors to the spot took place, and they are now busily engaged there.

Another romance of gold mining is reported from Dundagat. A claim thought to be worthless was sold by its owner for a 25 note. The purchaser making an investigation of his property discovered gold in small lumps. The claim is now said to be worth 25,000.

Airmen are on Strike

London, May 9.—(Canadian Press)—The first strike of airmen was heard yesterday. Sixteen airmen declined to fly for the Brooklands Club under whose auspices a meeting is being held, conceded 25 per cent of the gate money. The directors refused.

WEATHER BULLETIN

Issued by authority of the department of Marine and Fisheries, R. F. Stupart, director of meteorological services.

9 A. M. WEATHER REPORTS.

Table with columns: Location, Max, Min, Dir, Vel. Includes Toronto, Montreal, Quebec, etc.

Forecast—Moderate southwest to south winds, generally fair and warm today and on Wednesday.

NO "OBEY" IN IT

A Suffragette Wedding With a Specially Worded Marriage Service

London, May 9.—(Canadian Press)—A suffragette wedding took place yesterday in a church in Brighton. Suffragettes gathered in front with tri-color flags emblematic of freedom, purity and hope.

NEWFOUNDLAND IS EAGER FOR RECIPROcity

Premier Morris, in New York, Hopes Colony Will be on the Same Footing as Canada

New York, May 9.—That Newfoundland hopes to be admitted to a favored reciprocity agreement between Canada and the United States is the announcement of the Premier, Mr. Morris, the Newfoundland premier who is in New York on his way to the coronation.

"I have followed the tariff situation as it is now developing between the United States and Canada with keen interest," said the premier, "and I hope that if any reciprocity arrangement is finally agreed upon between the two countries, Newfoundland will be treated as a Canada and placed on the same footing."

TANANA RIVER BECOMES TORRENT

Fairbanks, Alaska, Swept by Flood and 250 Houses Are Inundated

Fairbanks, Alaska, May 8.—(Canadian Press)—An ice jam broke yesterday in the Tanana River above Fairbanks and released a great volume of water and ice that rushed down on Fairbanks, causing the most destructive flood in the history of the city.

Two hundred and fifty houses were inundated, whereas along the water front were several hundred feet of ice fifteen feet thick were scattered along the principal streets.

FOREST FIRES AT UPPER BLACKVILLE

Damage of \$1,400 on Private Lands—New Maryland Farmer Loses Heavily—River Falling

Fredrickton, N. B., May 9.—Forest fires at Upper Blackville yesterday, did damage to private lands to the extent of \$1,400. They are supposed to have been started by a spark from a locomotive. The situation along the Gibson Branch and other upper points is reported to be somewhat improved today.

A barn at New Maryland belonging to Wesley Fletcher, was destroyed last night together with his house, several pigs and all his leg live stock. A bush fire, set by a neighbor, caused the trouble.

Representatives from St. John, St. Stephen, Woodstock and Fredericton have club cars to meet in the Barker House this afternoon to discuss a provincial league.

The water in the river here is falling slightly, and there are a few logs running. Reports from the lumber drivers are not very encouraging and rain is sorely needed.

A large McLaughlin Buick car arrived yesterday for Charles H. Edgewood.

HIS LEG AMPUTATED

Fred. Fillmore of Amherst Undergoes Operation—Rebuilding The Burned Car Works

Amherst, May 8.—Many friends of Fred Fillmore, who has been traveling for some years past in the interests of the Amherst Motor Co., will be glad to learn that it was found necessary yesterday to amputate his leg just below the knee. About ten days ago, while at Metapedia, he was thrown from his horse, breaking his leg near the ankle. Complications arose and compelled his physicians to operate. Mr. Fillmore is a son of W. C. Fillmore, of Westmorland Point.

About 400 of the men who have been idle since the fire in the Canadian Car & Foundry Company's works, went to work this morning. The department which has resumed operations are the cabinet, passenger car, axle and wheel shops. A large number of men are also at work clearing away the debris.

Yesterday Rev. P. J. Stackhouse gave his second year's labors as pastor of the First Baptist church. The year just closed has been one of steady growth under his ministry.

MARGARET ANGLIN SPRINGS A SURPRISE; WEDS NEW YORKER

THE MAYOR'S WELCOME TO THE KNIGHTS

State Deputy Replies to Greetings on Behalf of Knights of Columbus in Chatham at State Convention

(Special to Times.)

Chatham, N. B., May 9.—The business session of the state convention of the Knights of Columbus opening this morning. At 9 o'clock there was a grand parade to the cathedral, where high mass was celebrated, and Rev. Father O'Leary of Bathurst, delivered an eloquent sermon. Returns were then made to the council chamber, where Mayor Byrne officially welcomed the knights. He regretted the date chosen for their visit, as the country was not yet at its best, and no idea could be had of the beauty, luxury, and wealth of the district, the diversity and extent of the local industries, not to mention the scenery of their glorious river.

The principles of the order had prompted a welcome, the broad charity underlying the work of their noble order, calculating, as he understood, a love for all mankind and hatred for none, stirred within all a sense of pleasure in having such visitors and moved him to offer to them the glad hand of welcome.

He trusted their deliberations would be profitable alike to themselves, to their order, and to communities from which they came, and he trusted Columbus charity would extend their efforts until every nation, color and creed would yet sit in discussion in harmony their various differences.

State Deputy Mahoney thanked His Worship for the hearty welcome. He congratulated all present upon being able to attend the convention, and trusted its deliberations would be profitable to all. Reviewing the work of the order for the year, he was pleased to note a large increase in membership and formation of several subordinate councils, the greatest relative increase was in Newfoundland, though other parts of the state had also shown a marked increase.

The flood soon began to recede and all danger is passed. The pile bridge of the Copper River Railroad across Citina River was carried away by the breaking of the ice jam. Replacement of the bridge will consume a great deal of time, and meantime the railroad is tied up.

The general efficiency was excellent and universal goodwill was apparent on every side. He wished to impress upon all the high ideals of the order and each one should strive to bring to the attention of the objects of Columbianism. He urged all to suppress their own personalities, and to be true to the objects of the order.

He had had the honor of occupying his present position for six years, and desired to tender his hearty thanks for the unflinching support always given him, and asked for his successor the continuation of such support. In conclusion he said: "May our honored order continue to advance, gaining in strength, and vitality. May we all be true to its principles, and its gentle influence cheer us and cause us to be better and truer Knights of Columbus, better citizens of our country, and better representatives of our holy faith."

GOVERNMENT PRESSED BY ANTI-OPiUM MEN

British Cabinet is Asked to Raise Millions to Buy up the Supply and Destroy It

London, May 9.—The government has been under a severe cross fire in the matter of the proposed early extinction of the opium trade in India. The anti-opium societies, composed largely of supporters of the Liberal party, are urging the government to purchase with immediate extension of the trade and, even if necessary, to remunerate the growers and exporters of the drug in India. The Indian government, on the other hand, is asking how it is to make up for the loss of revenue and purchase with it the opium of the growers and workers in the poppy fields.

Negotiations have been proceeding at Peking for a considerable time. Great Britain has agreed to stop the exportation of opium from India to China as soon as China has completely suppressed the growth of the poppy in China and if that has been accomplished has agreed to a triple increase of duty.

Eric Lewis, one of the most prominent anti-opium agitators, appeals to the government to raise \$22,000,000 on the security of the Boxer indemnity and purchase with it all the Indian opium now in bonded warehouses at the Chinese treaty ports. He would have this opium destroyed as Commissioner Lin of Canton destroyed great quantities at the time of the so-called opium war.

He proposes also that the government use \$15,000,000 or \$20,000,000 to purchase all the opium and destroy it. No expense to the appeal has been heard either from the government or the public.

St. John Actress Bride of Howard Hull, Magazine Writer, and They Sail For France on Automobile Honeymoon Tour in Austrian Tyrol

Miss Anglin, New Mrs. Howard Hull

There is certainly no surprise for readers of the Times today, 'Margaret Anglin, noted actress, daughter of the late Hon. T. W. Anglin, of this city, was married in St. Patrick's Cathedral, New York, last evening, to Howard Hull, a magazine writer.

Miss Anglin has had a most successful career on the stage and has won fame from coast to coast. Whether the stage is to lose her at the expiration of her present contract or not is not disclosed in the despatches. It is understood that she holds a four year contract at a handsome salary. The Canadian Press sends the Times the following:

New York, May 9.—Margaret Anglin, the Canadian actress, formerly of St. John, N. B., was married to Howard Hull, a magazine writer, in St. Patrick's Cathedral last night. The ceremony was performed by Rev. Father Gleason, assisted by Rev. Dr. Simont.

The wedding party had a quiet supper after the ceremony at the home of Mrs. Anglin, in West 68th street.

Miss Anglin met Mr. Hull last summer, when he went to California to assist in the production of "Autumn," in which she played at the University of California.

The couple will leave for France on the steamer Kron Prinz Wilhelm today for a honeymoon automobile tour in the Austrian Tyrol. Miss Anglin closed her season in "Green Stockings" in Wilkesbarre, Pa., last Saturday, and announced her intention of going to Europe, but kept her intention of being married a secret.

PEOPLE OF NOTE

Times' Gallery of Men and Women of Prominence

Hon. Frank Oliver

Minister of the Interior in the Dominion government, who asked parliament to appoint a special committee to investigate statements made against him. The request was granted.

HARVARD CREW FOR THE HENLEY MEET THIS YEAR

Rule Debarring Universities of States, it is Believed, Will be Suspended—Fight Promoters Win Case

(Canadian Press) London, May 9.—As a result of Oxford's declining the challenge of the Harvard University for a boat race, it is understood that the stewards of the Henley Regatta will this year suspend the rule debarring universities of the United States from competing for the Grand Challenge Cup. The Harvard crew will thus have an opportunity of entering for this blue ribbon event.

Los Angeles, Cal., May 9.—Boxing bouts as staged at the Vernon Arena are not "prime fights" within the meaning of the Superior Judge Willis, who yesterday dismissed a charge against the promoters in the Wolcott-Mennis contest of March 17. Judge Willis held that T. J. McGarvey, promoter, had taken all precautions demanded by law.

New York, May 9.—Matt Wells, light-weight champion of England, will sail for New York on May 13. His aim is a ten round bout with Knockout Brown, as a preliminary to a series of fights with the American aspirants for the lightweight title. His manager is already in this city, negotiating for the meetings.

TO LOCATE NEW HARBOR

Extension of Temiskaming and Northern Ontario Railway To James Bay

(Toronto, May 9.—(Canadian Press)—The Temiskaming & Northern Ontario Railway Commission is to send out a party this summer to explore the Moose River country, sloping from the height of land to James Bay, and report on its possibilities. A special examination of the city of the shores of James Bay will be made, and a suitable location for a harbor will be sought, with the ultimate extension of the government line to James Bay.

Rich iron ore deposits are to be found at the Grand Rapids on the Matagami River. It is stated that a total of more than two million horsepower is capable of being developed on the rivers of the James Bay.

STORY THAT DEPUTY MINISTER WAS TO RESIGN IS UNTRUE

(Special to Times.)

Ottawa, May 9.—At the railway department it is stated that Mr. Campbell, deputy minister of railways, has no intention of resigning, as was reported in the Montreal Gazette.

LOST HIS MEMORY; BECAME A VAGRANT

Washington, May 9.—(Canadian Press)—The details of a strange case of amnesia, which caused a prominent business man to forget his name and residence, and become a vagrant, were reported in the Montreal Gazette.

Another detachment of fourteen men which left the Mexican town at the same time has not been heard from and it is believed they have met the same fate. Early today the revolutionist forces had completely surrounded Tia Juana, and the federal defenders have been driven into the building. It is believed the town will be captured. No authentic reports of the dead on either side are obtainable.

LOCAL NEWS

GLOVES RECOVERED. A pair of gloves, valued at about \$75, was recovered from the house of Mrs. J. A. E. Stevens, Duck Cove, at about the same time that D. E. Jack's premises were broken into, and the gloves were found yesterday in the woods in the rear of the house. So far the police have found no trace of the property stolen from Mr. Jack's residence.

TALK OF PROTESTANT ORGANIZATION PLAN

(Toronto, May 9.—(Canadian Press)—It is understood that a powerful Protestant organization is about to be formed. It will embrace the whole of Canada, and its object will be to meet the machinery of the Roman Catholic church with an equally powerful Protestant combine, which will stand firm in opposition to the no temperance decree.

A meeting of local Protestant ministers held last night in the First Avenue Baptist church was most favorably impressed with the scheme and a mass meeting of Protestants against the decree will be held in Massey Hall soon.

PEASLEY WON FAST GAME

Baseball followers in this city will be glad to hear that Marvin Peasley, the Woodstock twirler, who has played here on several occasions, and who later signed with the Detroit Tigers, won his first game with the Fort Wayne team to which he was loaned by Hugh Jennings. The game was played this week with the Wheeling nine and Peasley's team won 4 to 0.

The accounts say that Peasley had little trouble in holding his opponents down to three hits and that he played a star game all around. He is credited with three strike outs, five assists, one error and one hit. His team had nine hits altogether.

SHOULD HAVE SLOWED DOWN.

Officer Trout has resigned from the police force. The reason is not to the credit of the officer's name was against him from the start.

REBELS ATTACK JUAREZ

Mexican War is Resumed; Day Marked by Heavy Cannonading

(Canadian Press) El Paso, Tex., May 9.—A 400 a.m.—A general attack by the insurrecto forces has begun. The decision to attack the federal forces was made after the envoys, sent a little after midnight to Gen. Navarro, returned saying that he refused to surrender. For an armistice arrangement he referred them to Judge Carbajal the federal peace envoy, but he too refused to enter into an agreement with part of the rebels already in Juarez.

The firing by the insurrectos was begun by a small detachment of men stationed in a house near the station street bridge. With their machine gun leveled to sweep the main streets of Juarez they waited patiently for the first break of dawn and opened fire.

Gen. Navarro is confident of holding Juarez and military experts in lowland think that he can do it. He has his two field pieces and cannon in an advantageous place in the town. He has in all twelve guns, three of which are in action on the outskirts of the town shelling the hills from which the main columns of the insurrecto army must pass to enter the city, unless they decide to follow the river bank. This route is bound to draw heavy fire into American territory.

Thousands of residents of El Paso for hours have been watching from roof tops and points of vantage. The United States forces have ordered everybody on their side of the line to stay three blocks from the river front.

REINFORCEMENTS MOVING

Col. Villarreal the insurrecto chief, is advancing on Juarez this morning from the east with 600 men fresh from the steps of Ojinaga, while Gen. Rabago is advancing to Juarez with 1,000 soldiers. A strong command has been assigned to oppose him, and Madero says he has no fear from that source.

The range of the federal artillery was remarkably accurate, their shells landing close to the on-coming insurrecto forces, forcing them to scatter in their advance. It is obvious that the heavy artillery of the insurrectos has given them a tremendous advantage.

Small bands of rebels can be seen marching from the Madero camp toward Juarez along the river front. It is probable the insurrectos will send a detachment to attack Juarez on its opposite side. The federal machine guns are keeping up a sweeping fire within every radius of the town.

FEDERAL DETACHMENT ANNULLED

Tia Juana, Cal., May 8.—A detachment of twenty-eight federal soldiers which left Tia Juana at midnight last night on a scouting expedition has been annihilated by the rebels, according to a report early this morning.

Another detachment of fourteen men which left the Mexican town at the same time has not been heard from and it is believed they have met the same fate. Early today the revolutionist forces had completely surrounded Tia Juana, and the federal defenders have been driven into the building. It is believed the town will be captured. No authentic reports of the dead on either side are obtainable.

El Paso, May 9.—The cannonading continued slowly. The rebels used their machine guns sparingly, while the federalists poured their shells into the insurrecto outposts.

At the Madero headquarters, a report was received that federal cavalry had evacuated Juarez and were proceeding south towards Banche. It is believed, however, the cavalry intends to flank the rebel influx of the rebels into town.

London, May 9.—Lord Cowdray received a message this morning from J. B. Body, director of his firm now in Mexico City saying: "Peace signed."

WASHINGTON ACTION ON TARIFF legislation

Washington, May 6.—(Canadian Press)—The Detroit finance committee continued its hearing today on the Canadian reciprocity bill. After concluding the hearings the committee promptly will take up the farmers' free list bill.

Farmers, as in the hearings on the reciprocity bill, will be prominent. Next Monday has been set aside for cattle men, particularly from Texas, to give their views. That probably will be the first regular hearing on the bill.

SLAYS GIRL; BLOWS HIS OWN HEAD OFF WITH DYNAMITE

Stockton, Calif., May 9.—While Margaret Martinez, a nineteen-year old Spanish girl, whom he was insanely jealous, was playing a piano virtuoso for his entertainment, Paul Miller, a miner, aged forty three years, fired two shots into her back, killing the girl.

Rushing into an adjoining room, Miller threw himself on a bed, placed a stick of dynamite in his mouth, lit the attached wire and blew his head into fragments.
