The first heat was captured by Arclight, who had the pole, but was closely pushed by Minota, who came the home stretch neck and neck down the home stretch neck and neck with the speedy St. John horse. This was one of the finest races ever seen on the Riding grounds. The track record, 2.23 1-4 held by E. LeRoi Willis Special Blend, was twice beaten. The second heat was interesting, Minota taking the pole from Arclight at the half, but Arclight was again neck and neck with the mare from Amherst. Down the home stretch, it was first ota regaining her place. It ended in a dead heat and the track record was reduced to 2.21 1-2, the mile by quarters being: 36 1-10, 1.44 3-4, 2.21 1-2.

This heat created some disatisfac-tion. Mr. Willis, driver of Arclight, lodged a complaint to the judges that at the first half Minota had crossed him while taking the pole. The chief event at Lewiston on Saturday was the match race, best two in three, between the pacer Gypsy M. and the trotter Bismarck. It was a walk-over for Bismarck who took both heats easily. In the first heat the quarter was trotted in 34 1-4s., the half in 1m 7 1-4s., the three-quarters in 1m. 41 1-2s., and the mile in 2m. 16 3-4s., which is now the half-mile trotting track record for Maine. Some Fast Racing. New York, Sept. 6.—Over three thousand spectators were at Fleet-wood park this afternoon to see the big light-harness sport in the opening day of the grand circuit meeting. The weather was perfect and the track in the pink of condition. The big event of the day was the \$4,000 Manhatten purse for 2.15 trotters. Oakland Baron led all the way and won in straight heats. In the first heat the winner got to the half in 1.03 1-2 and in the

second in 1.03.
Only four met in the \$2,000 rurse for two-year-olds, and Jennie A., a fleet filly by Bow Bells, won.
The fastest race of the day, the 2.09 and Dufferin did some fine pace, had also a hot faverifie in the and Mr. Murphy was heartly bay gelding Burn's, who sold at \$50 to behind. The time of the winner from O'Halev tied in the last pole, but Burnps was so quick on his feet that he took the pole on the turn and went salking along like a loco-motive, getting to the quarter in 30 1-4 econds and to the hallf in 1.00 1-2, and came home easily with Sphinxetta a poor second. Bumps justified the betting by winning the second heat by six lengths in 2.071-2. In this heat Planet broke in the stretch and swerved into Lantana, causing a break down, with no serious results, how ever. Both horses were placed and started again. Bumps made a run away race of it again in the third

An Exciting Race at Fleetwood Park. New York, Sept. 8.—The sensation today at Fleetwood park was not in the programme. It consisted of most exciting running race between a trotting horse to sulky and Mounted Policeman Frowley in the first heat of the 1.17 class for trotters. As soon as the word was given for the heat the bay stallion Bellton, with John Kelly in the sulky, started in a wild gallop. Kelly pulled until the reins broke and then stuck to his seat in the sulky as the horse went sailing along ahead of the entire field. At the head of the stretch Frowley put spurs to his horse and the race to the wire was close and exciting. They shot past it like a team and the pol iceman leaned out, and catching the reins, stopped the flying steed. While this exciting race had been going on the fleet hay gelding King Chimes had got his head in front and won the eat easily in two lengths, with Miss Vallance \$25 to the field \$18. King Chimes won the next two heats easily, though in the third Geers made a resolute drive with Valence, but was half a length behind the winner.

CRICKET.

Toronto, Sept. 6.—The first display of the international cricket match between Canada and the United States at Rosedale was decidedly in favor of sharply and at times the brilliant work was liberally applauded. For the United States Clarke captained the team and made the top score for his side, 34, not out, playing a brilliant inning. Disaster followed disaster on the opening of the Canadian's inning. Lane, Terry and Saunders went down very easily. Boyd's brilliant innings however, changed the fortunes of the home players. United States first in-

Toronto, Sept. 7.—Once more the Canadians win an international conest. This time it is the cricket match which they easily won at Rosedale by eight wickets. The second innings of the United States team started at 11.30 and from the start they made it look as if Canada would win by one inning. Some Fast Riding. New York, Sept. 6.-The second anraual circuit meet of the Quill Club Wheelmen of America, which began last Saturday, was concluded tonight at the Manahattan Beack track. Everyone who entered for the main event —the \$2,000 handicapper—had given fair allowances to the "backward" men and none of those who were put on scratch and short marks breathed word of discontent.

Bruid and Gardner jumped into the first bunch in the first lap and alternated in cutting out the pace for those around them. McFarland did not help, but plodded along until he caught up with the limit men in the lest lap. Then Titus shot out of the bunch, landing with a clear lead on the pole as he passed the training quarters. By this steal he gained about a dozen yards and held his own about a dozen yards and held his own until entering the stretch for home. McFarland was pressing the leader very hard but could not get up and Titus won by a length, helf that distance separating McFarland and Coleman, while E. C. THE RING. McCoy-Ryan Fight a Draw.

Syracuse, N. Y., Sept. 8.-Police inerference put an end to the Ryan McCoy fight in the fifth round here tonight, when "Tommy" was doing the majority of the work and chasing McCoy all over the ring, inflicting a series of wickel inside upper-cuts.
Although by no means going, McCoy was having the worst of the contest when Inspector O'Brien rang the gong ard Referee George Siler of Chicago sent the men to their corners and ansaid to have been at the bottom of the action of the police. McCoy played a lively tattoo on Ryan's jaw with his left in the first two rounds, but after that Tommy resorted to infighting and did much better at this method. George Siler said to a reporter of the Associated Press after the row had subsided: "Ryan had the best of the last round, but there was only one decision rossible under the said to have been at the bottom of was no necessity of police interfer-ence, as both men were strong enough

to continue the fight."
The Alhambra Rink, where the fight vas held, was crowded with more than three thousand five hundred people when the time for the McCov-Ryas fight arrived. There was a big gathering of prominent sports and the bet-ting at the ring side, while it was by no means lively, showed the interest taken in the bout. The odds were still \$1,000 to \$700 in McCoy's favor when the fight began. The gong sounded at 10.06. The rounds:

MR. HAY'S RETIREMENT. We must express our regret at what

at present appears to be the fact, that St. John is to lose the services of G. U. Hay in connection with its public schools. These services have extended over a number of years and have been highly and deservedly appreciated. Mr. Hay has devoted himself to the work of his profession with an energy and ability which have assured success. As principal, for some eight years, of the Victoria school, he has not only won the approbation and high regard of those more immediately and personally interested in his work, but has also achieved a reputation which places him in the front rank of the men connected with the public school systems of these province regret is all the more keen at the loss of Mr. Hay's services because it seems to us unnecessary. Certainly, it is by no means to be desired that the efficiency of the city's schools should be sacrificed to the personal interests or convenience of Mr. Hay or of any other man. But, very naturally, a good many people are finding it diffi-cult to believe that the public interest demanded that the two offices of prin-

THE BISHOP AND HIS BUN.

(From the Baptist Union.)
The Bishop of Worchester, England, once had occasion to travel through Banbury by rail. Being desirous to test and at the same time to encourage the far-famed industry of that town, and the train having stopped for a short time at the station, he beckened to a small how standing. at hand and enquired the price of the celebrated buns. "Threepence each," said the boy. The bishop thereupon handed him sixpence, and desired him to bring one to the car, adding: "And with the other threepence you may buy one for yourself." The boy shortly returned, complacently munching his Banbury, and, handing the three-pence in coppers to the bishop, ex-claimed, "There was only one left,

Severe Bronehi is Yields Promptly to Dr. Chase's Syrup of Linseed and Turpentine. I used your Dr. Chase's Syrup of Lin-

Having a family of young children, my doctor's bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially.
