A cube that solves your problems?

Exams are almost upon us again and no doubt soon everyone will be sitting around trying to decide which to do. Study or not. To help the poor indecisive student population which to do we offer - the cube.

Instructions:

1. cut out along outside lines.
2. fold along other lines so that lines are facing outside.
3. tape a coin on the underside of the side you wish to have turn up the least number of times.
4. tape along all seams to form a cube.

Roll on. *Rick*
