MINISTER OF PENSIONS AND NATIONAL HEALTH

Ottawa, 19th November, 1941

My dear Colleague,-

I greatly regret that I cannot be at Saint-Lin tomorrow to do honour to the memory of our greatest Canadian.

Wilfrid Laurier belongs to the immortals. In these anxious days of conflict and crisis, we can do no better than follow his great-hearted example of real service. Above all things, he sought to keep our Canadian people united. That task has been carried on since he was gathered to his fathers, but that task is not yet completed. It should be the earnest desire of each one of us to emulate his great spirit of duty - his sense of heroic purpose.

In a very humble way, I would gratefully pay reverent tribute to his hallowed memory.

Yours sincerely,

The Honourable T. A. Crerar, M.P.,
Minister of Mines and Resources,
Saint-Lin, P.Q.
