AN OFF DAY IN LEGISLATURE

Most of Members Return to Their Homes—Three of Them Laid Up.

The Debate on the Address to Be Resumed by Mr. Crawford on Monday.

Toronto, Jan. 29. — The Parliament buildings were comparatively empty to-day, most of the members having gone home.

On Monday the debate on the address in reply to the speech from the throne is to be resumed by Mr. Crawford, of West Toronto; Mr. Pickard, of West Durham, and possibly Dr. Routledge, of East Middlesex.

Of the \$20,000 voted yesterday for seasonal indemnity about \$10,000 has already been paid out.

Mr. Henry Carscallen, M. P. P., for East Hamilton, who has been suffering from pneumonia, has gone to Clifton Springs, New York. A pair has been arranged between Mr. Carscallen and Mr. Barbour for two weeks.

Mr. G. Cameron, M. P. P., for West Huron, who raised the point in the Legislature with regard to the legality of the North Renfrew election, states that his discovery was a pure accident. He had been looking through the statutes for information as to whether the delay in the riding was inevitable, and came across the point. He followed it up from sheer curiosity, and the result was his speech in the house.

How Iron-ox Tablets Completely Cured Jas. Huston of 20 Years' Serious Trouble.

January 27, 1903.

I cannot express in words the praise that is due to Iron-ox Tablets, which I got as a trial package from our druggist, Mr. McDonald, who told me they were just what I wanted. I took them more for fun, but before I had finished one box I got great relief. I was subject to great misery after meals, with bloating, and would rift up bile of the bitterest taste, and always woke up in the morning in the same way for the last twenty years. Had tried all medicines, but now I am completely cured, and it was by taking Iron-ox Tablets. Words cannot express my gratitude to you.

WOLF! WOLF! AND THERE IS NO WOLF

People Fooled Once Are Slow to Respond When Real Danger Comes.

We have all read in our school readers the story of the boy tending the sheep who thought to have fun with the servants and cried out wolf! wolf! The servants rushed to his assistance to find that it was a false alarm, and when the wolf really came, they would not respond to the call of the boy and the flock was destroyed.

It is the fashion nowadays among certain proprietors of patent medicine that "will cure every disease on earth" to try to frighten every one into believing that he is afflicted with some dangerous malady, by reciting thousands of symptoms and indications of disease. People see much of this that when they really become so afflicted they will pay no attention to remedies of merit that they really stand in great need of.

The proprietors of Stuart's Catarrh Tablets do not claim that their remedy will cure anything but catarrh and they give the American people credit for having sense enough to tell for themselves when they are suffering from that disease. If you have catarrh, you know it and want to be cured and that's all there is to it.

Stuart's Catarrh Tablets are without doubt the most effective cure for catarrh. You may look the country over and you will find no one who will dispute that statement. They have cured so many sufferers of this odious and dangerous disease and have done so much good throughout the land that their name has become a household word. They thoroughly renovate and cleanse the entire system of all catarrhal poisons and impurities and by thus striking at the root of the disease effect cures that are complete and permanent.

Stuart's Catarrh Tablets are for sale by all druggists at 50 cents a box. You cannot afford to tamper with this treacherous disease when a sure cure is within such easy reach.

At their last regular meeting, Wednesday evening, Count Hope of Ontario, No. 6244, A. O. F., extended an invitation to their sister Lodge, Court Unity, to fraternize with them next Wednesday evening, which the latter have accepted. James Dyer was appointed president, Burville Oldershaw vice-president, and Messrs. H. Barnes, Robert McFall, Wm. Benson, Ed. Cape and B. Longley Juvenile Branch committee.

DIAMOND WEDDING

Mr. and Mrs. Joseph Cheff, Dover Tn., Celebrate the 60th Anniversary of their Marriage.

A Large Number of Relatives and Friends Gathered to Celebrate the Event.

On Thursday Jan. 28th, the people of Big Point and Pain Court had the pleasure of witnessing a celebration which was the first of the kind in Kent County, being the diamond wedding of Mr. and Mrs. Joseph Cheff, of Big Point, whose photos appear in another column of to-day's issue.

The day was an ideal one and St. Philip's church was packed with the people of Big Point, Pain Court, and the other surrounding places, who came to witness this unique ceremony. High mass was sung by Rev. Father Loisele, who also preached a very eloquent and appropriate sermon. Father Ladouceur of Jeanette's Creek, assisted in the sanctuary.

Mr. and Mrs. Cheff entered the church to the strains of a beautiful wedding march. They were accompanied by Mr. and Mrs. Louis Lucier, Miss Anna Bourassa, acted as maid of honor, carrying a beautiful bouquet of white carnations and maiden hair ferns.

Mrs. Zephire Cheff presided at the organ during the ceremony. The music rendered by the choir was excellent, the solos being sung by Messrs. Henry Martin and Archie Bechard. At the offertory Mrs. Zephire Cheff sang the beautiful hymn "O Jesu Deus Migne," which was very appropriate to the occasion. During the communion Mr. Zephire Cheff rendered in a pleasing manner "Veni Creator."

When the religious ceremony was over a banquet was served in Cheff's Hall, which was beautifully decorated for the occasion with evergreens and flags.

Sixty guests sat down to the sumptuous repast.

An address was read by Mr. Alphie Cheff, in the name of the family, and little Miss Lucree Cheff, also recited a very appropriate address. Toasts were proposed and responded to by the different gentlemen present.

Friends from Detroit, Mich., and Butte, Mont., were present. Word was received from Dr. and Mrs. Martin, Montreal, that his father, the only brother of Mrs. Cheff, was prevented by illness from being present.

A great number of beautiful gifts were presented, among which were the following from the children and relatives:—

A diamond ring, by Mr. and Mrs. Alphie Cheff.

A gold headed cane by Edmond Cheff and family.

A purse of gold by Mr. and Mrs. Zephire Cheff.

A handsome Marble Clock, by Rev. Father Loisele.

A dozen solid silver spoons, by Miss G. Lachance.

A beautiful lamp by Mrs. Pinsonneault.

This is one of the most interesting events of the year and will no doubt be marked as a memorable event in the history of Kent County. It is seldom that any married couple has the honor of a diamond wedding, and Mr. and Mrs. Cheff are looked upon as being especially honored.

Mr. Cheff was 17 years of age when he married Miss Maria Martin of St. Philip, Que., and his bride was in her eighteenth year. The union was a happy one, and the couple have lived happily together ever since. Mr. Cheff is now 77 and his wife 78, and they are just as happy as the day they were married. They are a most remarkable couple, bright, intelligent, and active. Both have worked hard during their lives and the prosperity and happiness they are now enjoying in their old age, is well deserved and keenly enjoyed. They are among the very oldest settlers in Kent County, coming here together 52 years ago when Chatham was a mere forest and swamp. They settled down on the Dover Plains and at that time when Mr. Cheff first arrived in Chatham, \$2.50 covered all of his earthly wealth. He now owns a farm of four hundred acres and has accumulated considerable of this world's goods, and has happily looked after the members of his family. He came here with Moses Martin, Mrs. Cheff's brother and at that time the plains were all covered with water and grain had to be carried across the country in canoes.

One remarkable feature of the celebration was the fact that four generations were present. It is hoped that Mr. and Mrs. Cheff will live long to enjoy their present comforts in this life.

HUMOROUS INVENTION

James Corbett, the fireman at the jail, is a very ingenious sort of a fellow and is always inventing things. He is also somewhat of a humorist and likes a joke as well as anybody. He also believes as the late P. T. Barnum did, that the people like to be humbugged. Mr. Corbett is a piece of machinery in the chimney so as to create a draft. Then beneath the chimney he fitted up a bicycle wheel so arranged that it would run very easily. The draft thus created caused the wheel to turn. Many visited the jail to see Mr. Corbett's successful solution of the problem of perpetual motion. Some of the clever ones saw how the wheel worked but the great majority weren't onto the scheme. Mr. Corbett says he can get sufficient power from the draft to run a sewing machine.

TO Thornton & Douglas'

for Clothing all the time, but especially now when we are putting clearing prices on all overcoats and winter goods in general. It is stock taking time too, and many bargains are springing up all over the store; where there are odd garments or broken lots the prices have been made ridiculously low.

Winter, as you will note, is still very much with us; nevertheless fur caps are selling at a discount of 25%, and fur-lined coats are greatly reduced in price.

It ought not to need a great deal of argument to persuade you that the profitable time to buy winter clothing is now.

SMALL SUPPLY

The coal supply in the city is very limited, and if the cold snap continues there is likely to be trouble. None of the dealers have any chestnut coal, but several have a supply of furnace coal. Quite a number of citizens have had to take the furnace coal to burn in their stoves and there was many a fire out this morning when the busy house wife got up. The big coal catches in the feeder and out the fire goes. When there will be any relief it is hard to say. Scott & Co. have the invoice of a car of coal that was shipped over to the C. P. R. at St. Thomas over a week ago, but it has not yet arrived. The life of the coal man is not always a bed of roses, and just now he has to take a whole lot of abuse, and no money in it either. The people want the coal, but they can't get it.
