some problems. The shortage in the visible supply of wheat in the United States last year at this time, the figures being last year at this time, the figures being 24,074,000 bushels as compared with \$0.65\$. The probability of greatly reduced supplies its Burope before a compared with shortage in sight and the probability of greatly reduced supplies its Burope before and the compared with shortage in sight and the probability of greatly reduced supplies its Burope before a compared with shortage in sight and the probability of greatly reduced supplies its Burope before and the compared with shortage in the compared with shortage in the leading wheat centree, and lower and an easier feeling prevailed at all the leading wheat centree, and lower the leading wheat centree, and lower the leading wheat centree, and lower the demand is quiet and cable orders are alsow. The prospect of a big increase in the Southern States harvesting will soon be on and a good yield is expected. Parthern of the property of the prices have not ruled as strong the morth and in Canada growing conditions are favorable. The Ontario Great is the local cheese boards as a week and gives promise of a good yield. Locally, quotations are lower in sympathy with Chicago and Winniper, They are been been shown that the conditions are lower in sympathy with Chicago and Winniper, They are been shown that the conditions are lower in sympathy with Chicago and Winniper, They are been shown that the conditions are lower in sympathy with Chicago and Winniper, They are been shown that the conditions are lower in sympathy with Chicago and Winniper, They are been conditions are lower in sympathy with Chicago and Winniper, They are been considered by the conditions are lower in sympathy with Chicago and Winniper, They are been considered by the conditions are lower in sympathy with Chicago and Winniper, They are been considered by the conditions are lower in

COARSE GRAINS

COARSE GRAINS
The oat market shows little change. The market rules steady at quotations, which are d'fige to be at outside points, which are d'fige to be at outside points, ers' market. The barley market is quiet. Maiting barley is quoted at Montreal at 6c to 6c and Manitoba feed barley at 5t to 6c a bubble. Barley is quoted bere 5t to 6c and Manitoba feed barley at 5t to 6c a bubble at a contract of the former figure for export. Peas are quoted at 26c to 35c a busble at outside points, but as they are not to be had to large quantities business is quiet.

FEEDS

The corn market is too high for any business to be done. American corn is quoted at 8ic to 82c a bushel. Toronto freights. Speculators have not got through with corn yet, and until the corners' is broken, prices are likely to the second of "corner" is broken, prices are likely to keep high. Though pastures are good and there is little or no feeding to be done by farmers, bran keeps on a high level. There are no large stocks and receipts are well taken up by the limited demand. Prices are a little lower, bran selling at 822 and shorts at 855 a ton in car lots. Toronto. Montreal quotations are about

UNION STOCK TARDS HORSE

UNION STOCK YARDS HORSE EXGL. GE

The arrivals of B...es at the Horse Exchange, West Toronto, still continue to decrease in numbers. There are not enough coming in to supply and drivers. Ninety horses were sold last week and a good many more could have been disposed of a profitable prices. People in the country are too busy on their farms or in electioneering to bring them in. Quotations show little change from last pose horses of good quality sell at \$150 to \$150 each. Good wigon horses sell at \$150 to \$150 each, and drivers and cols at \$150 to \$150 each, and drivers and cols at \$150 to \$150 each, and drivers and cols at \$150 to \$150 each for each processed and horses of all kinds sell at \$60 to \$100 each.
