

## The Best Investment AND Where to Get It!

THE man aged 30 who invests, say \$216 per annum for seven years in a Building Association which is honestly managed, which meets with no losses, will in case of death, say after seven years, have provided for his estate to the extent of possibly \$4,000. The man who invests \$216 in the MANUFACTURERS' LIFE will, in case of death, the moment the premium upon his policy is paid, have provided for his estate to the extent of nearly \$15,000, if insured on the ten-twenty plan, and the same sum invested in a twenty-year endowment will add \$5,000 to his estate at death, and if he lives to complete the payment of his twenty yearly premiums HE WILL THEN HAVE IN HAND VERY NEARLY AS MUCH MONEY, IN ADDITION TO HIS POLICY OF \$5,000, AS IF HE HAD TAKEN THE BUILDING ASSOCIATION STOCK.

## SUCCESSFUL FARMERS USE FREEMAN'S HIGH GRADE BONE FERTILIZERS

They produce large crops of grain, roots, vegetables and fruit of superior quality.  
MESSRS. THE W. A. FREEMAN CO., Hamilton:  
Last year I experimented with your "Potato Manure," and with Sulphate of Potash, on poor sandy land, which had been dressed with wood ashes the previous year, with results as follows:—Two rows potatoes without fertilizer, yield slightly under one bushel. Two rows same length, about 20 pounds Sulphate of Potash, yield slightly over one bushel. Two rows same length alongside the others, with about 30 lbs. of your Potato Manure, yield about 2 1/2 bushels. The potatoes were planted about the middle of June, during the drought.  
Signed W. MCKINNON.
