JAMES E. RAWLENCE,

Secretary, Hampshire Down Sheep Breeders' Association, SALISBURY, ENGLAND.

HENRY DUDDING, RIBY GROVE, GREAT GRIMSBY, LINCOLNSHIRE, has always for inspection and sale from the largest and most noted flock of pure Lincoln Longwool Sheep in the country, both Rams and Ewes of all ages. Representative specimens from this flock have secured for many years past at the Royal Shows champion and other prizes; whilst they have also at both the Paris Exhibitions, Vienna, Amsterdam, Chicago, Palermo, secured champion awards, and at all the leading shows in Australia, New Zealand, Canada, and the States, Riby sheep and their descendants have secured the highest honors. Wool is a leading feature in the flock, its quality being amply testified by the fact that wherever exhibited it has each time secured the premier prize including that at Windsor in 1889. The record of its careful breeding and consistent success is worldwide, and the present members of the flock are fully equal to any that have preceded them during the past 130 years in which it has been in existence, descending from father to son without dispersal. The flock holds the record for the highest price ram of 1898 (i. e., 1,000 gs.), and for the highest recorded average for an auction sale of fifty-two rams (i. e., £26 19s.) at the annual sale in July, 1898. A grand selection of yearling and other sheep on offer, sired by the most carefully selected sires obtainable, in which are contained all the best strains of the present day. Telegrams: "Dudding, Keelby."

Casswell made the highest average for 20 rams, at the "Annual Lincoln Ram Sale," 1895 and 1897. The 1896 rams were all sold for exportation. THOM'S PNEUMATIC Elevator Feed Cutter AND PROPELLER

Patented in Canada and the United States.

OUR machines have filled more silos, twice over, than has been filled by all the other combined families of imitation machines. It's foolish boasting for any firm to say that their machines are the only practical pneumatic cutters on the market.

We are the originators and the patentees, and the only safeguard against being humbugged is to see that the machine you purchase is marked "Thom's Patent."

Every honest manufacturer in Canada knows that we are the leaders, and that our machines represent all that is latest and best. We guarantee to fill any silo in Canada, we care not what the height may be, at the rate of 8 to 12 tons per hour.

And we remind the farmers we make high-grade plows, Riding and Walking. Our latest is the "Ideal" two-furrow gang, for two or three horses, intended to do the work of two ordinary walking plows. Wherever our plows are not already known, special prices to introduce them. Once on the farm they prove a comfort.

99.99 to 100 per cent. of pure Cane Sugar, with no impurities whatever."
