### GOSSIP.

#### SPRINGHURST SHORTHORNS AND CLYDESDALES.

As a herd of big, thick-fleshed, extra good-doing Shorthorns, few herds in Canada can compare with the Springhurst herd, the property of Harry Smith, of Hay, Ont., about two miles from Exeter Station, G. T. R. The superior excellence of this herd has, year after year, been demonstrated at the Toronto and London Exhibitions, where, from championships down, they have won the laurels in competition with the best representatives of the breed. Probably the greatest source of fame for this herd resulted from the many years' use as chief stock bull of that greatest of Canadian-bred bulls, Gold Drop, the Brawith Bud-bred son of Imp. Golden Drop Victor. His get has won more prizes, and sold for bigger prices, than that of any other one bull of his time imported or Canadian-bred, and the herd as constituted at present, contains a number of his daughters, representing on blood lines such exceptionally good-doing and heavy-fleshed tribes as the Cruickshank Butterfly, Vanity, Strathallan, Diamond, Lancaster, Golden Drop, etc., in ages from ten months to three years. The majority of these heifers are show propositions of a high order, low-down, very thick and even. All are for sale, and all in good condition. Among the older ones is the great cow, Springhurst Gem, a Golden Drop, one of the few great cows in the country, immensely thick, and of superb quality, she was second at Toronto last fall in a very strong class. Princess Mayflower, the dam of Mutineer, who was the junior champion bull at Toronto last fall, has another bull calf, by the present stock bull, Ben Wyvis, that looks like another coming champion, being very thick, smooth and even. His dam was sired by Imp. Royal Prince. Diamond Ring, a daughter of Gold Drop, also has a bull calf that looks particularly good. He is sired by Royal Commodore, a Clara-bred son of the Duthie-bred bull, Blood Royal (imp.), the head of the great Cargill herd. The present stock bull, Ben Wyvis, is one of the best-fleshed bulls in the country, he is wonderfully thick from end to end, and as mellow as a dove, and is proving a remarkable son of a good as his great sire, Gold Drop, while his dam is the thick, mellow cow, Imp. Butterfly 32nd. At

## INVESTIGATION OF ALL SEPARATORS EMPHASIZES IHC SUPERIORITY

You cannot separator before others. You should not you investigate all separa- be impressed with I H C know how much closer the I H C skims, how much easier it is to clean, and how much easier it is to turn. There are no weak spots in an I H C Cream Harvester.

afford to buy any comparing it with take chances. The closer tors, the more you will superiority. You will then superiorly, how much longer it lasts, how much easier it is to clean, and how much easier it is to turn. There are no weak spots in an I H C Cream Harvester.

I H C Cream Harvesters are the only separators with dust-proof and milk-proof gears, which are at the same time easily accessible. The frame of an I H C Cream Harvester is entirely protected from wear by phosphor bronze bushings. The I H C has large shafts, bushings, and bearings; it has a perfect oiling system; the flexible top-bearing of

is the strongest and most effective found in any separator; it has only one spring. I H C Cream Harvesters always run steady—without vibration. I H C Cream Harvesters are equipped with a patented dirt-arrester which removes the finest particles of dirt from the milk before the milk is separated. The crank is at the right height for easy turning, and the tank is at an easy height to fill.

The I H C local dealer will be glad to point out the above features and many others. Made in two styles—Dairymaid and Bluebell—in four sizes. Write direct for catalogue, or nearest branch house.

Selling this fully guaranteed, eight-piece Kitchen Set. Write to-day for our agents' offer.

**May Mfg. Co., Elora, Ont.**

London, last fall, in a very strong class, he was first, and, afterwards, champion, beating his stable mate, Mutineer, the Toronto junior champion. Second in service is his half-brother, Lancaster Victor, a roan, by Gold Drop, out of Lancaster 5th, by Imp. Sittytton Victor. He is an exceptionally choice young bull, put up on winning lines. Mr. Smith is also offering several choice Clydesdale fillies, all eligible for registration, being out of imported dams, all but one. One is a bay, rising two, by the renowned sire, King Thomas; another is a full sister, rising one. These are out of Imp. Maggie 4th of Boreland. Another is a black, rising one, out of an imported daughter of The Rejected (imp.), and sired by Prince Romeo (imp.). Another is a brown, rising three, Canadian-bred, sired by Imp. Lord Wolsley. These fillies are all for sale, and are right good buying.

Robert Miller, Stouffville, Ont., has a good portrait of the great Shorthorn sire, Superb Sultan =75418=, one of the best sons of the peerless Whitehall Sultan (imp.) =55049=, dam Secret Sultan 2nd, by Baron Lavender (imp.) =19952=, both of which bulls were imported by Mr. Miller. Superb Sultan is the sire of the calf that headed the list of bulls at the late Toronto sale, and is now at the head of the Ontario Agricultural College herd. Superb Sultan promises to rival his great sire as a getter; his calves are selling well, and as soon as old enough. It would be a wise thing to secure one of them while they last; or, if a cow or heifer is wanted, get one by him, or in calf to him. The cows in the Stouffville herd are fit companions for such a sire, and the progeny is likely to make its mark.

To those interested in Shire horses, attention is drawn to the advertisement of Alex. F. McNiven, of St. Thomas, Ont., in which he is offering for sale an imported Shire stallion, rising three years of age, first-prize winner in the two-year-old class, and reserve champion, at the late Guelph Horse Show. This is a horse of outstanding merit, and certainly should soon be picked up; also, for sale, is a 1,800-lbs. imported Shire mare. Look up the advertisement, and write Alex. F. McNiven, St. Thomas P. O., for particulars.
