

The Patent Fused Joint
AS USED IN OUR
HECLA FURNACE

is the most valuable improvement in furnace construction in recent years. By means of this patented method we fuse the steel and iron which go to make up the dome and radiator into **ONE SOLID CASTING**. There is no danger of cement falling out, to let the dust, smoke and gas escape into the house. Another feature of the Hecla is that it will burn

Spraying Potatoes with the Spramotor 20.. ACRES DAILY

Seems incredible that farmers should use old methods, when they can kill both Potato Blight and Bugs, in one operation. One man with a **SPRAMOTOR** can spray 20 acres in a day.

The **SPRAMOTOR** drives out a perfect mist spray, thoroughly covering the plants and destroying every vestige of fungi and insect life. It's the only way to grow potatoes profitably, and will double the crops at a trifling cost.

Send us your name, and we'll mail you free an 84 page illustrated Treatise on Spraying, and full particulars of the **SPRAMOTOR**, which is saving the farmers of Canada thousands of dollars annually. It will spray other things too.

The **Spramotor Co., London, Ont**

Spraying with the **SPRAMOTOR** will entirely eradicate Mustard. Full particulars in our book on spraying.
