DANIEL STARE.

TOIT'S BROMA. The following observations having in reference to the preparation of Broma, appeared in a late number of the Boston Medical Journal:

"A few years since a great manufacturer of Broma sought the opicions of many medical gentlemen of discinction, for the purpose of having an unobjectionable bod for invalids, and was a sured that he had fully succeeded. Hospitas, infirmaries, and households generally, should always be provided with it. When gruel, arrownow, greats, barles, starch, rice, farina, and many other restricted to for patients are of no whilty. proof, groats, barley, starch, rice, inrina, and many corroot, groats, barley, starch, rice, inrina, and many congression of the sound times relished. It is believed that those who use it as a beverage will have manifest diatetic adwhouse it as a beverage will have manifest diatetic adwhouse it as a beverage will have manifest diatetic adwhouse it as a beverage will have manifest diatetic adwhouse it as a beverage will have manifest diatetic adwing the constitution of the sound the constitution of the sound that the sound tha who use it as a beverage will have manifest diatetic advantage over the constanters of tea and coffee. We see it shield that during the last summer those individuals who were continually using Checolate or Broma neither had stacks of choice a or systemetric affections, while others that same families, taking their daily potations in tea. Office, or six and cold water, were the sufferers, if any.—We cannot youch for the truth of this, but it has recalled to mind the statement that the oil dealers in London have been for the observed that persons who were taking colding of the cheonic difficulties, during the systems of the late endernic were not affected by it. taking Cot ii, or oil for chronic difficulties, during the precisione of the late cuidemic, were not affected by it.

Proceedings of the late evidence, were not affected by it. Vestions of it the last estimate and appears by these states must be have somed those who took them from the mast of the processor. It is certainly a point will work while to describe meet It is certainly a point will work while to describe mast whether the chorolate drinkers have been secure in other in act of the chorolate drinkers have been secure in other in act of the chorolate drinkers have been secure in other in act of the chorolate public for a considerable ped of an act of the commendations of the fallow reaction of the approbation of all classes of cosmolous.—It is, of the approbation of standard reputation, and they demand our it is constantly increasing. IMPROVED

OBLIQUE INGUINAL TRUSSES.

TERRERT respectfully informs Medical Genti-lia. It men and the public generally, that he manufac-tures and has now on hand IMPROVED OBLIGUE IN-GUINAL TRUSSES, according to the construction of T P. Teale, Esqr., F. L. S., Surgeon to the Leeds General Informery, and which are so highly spoken of in the Medi-cal Gazette, Februsry 1, 1-50. For the information of those who cannot refer to the above work, it may be statet, that these Trasees consist of "an elastic stret girdle lef, that these Tracers consist of "an elastic straight and a pad of verying form, according to kind of hernia, and a spiral spring acting directly on the pad; elements which existing in various traces heretologe known, are here combined in the construction of one." The "mode of attach ment between the spiral and the pad renders any other farment between the spiral and the pad renders any other farment. tening unnecessary. An uniform pressure throughout the whole extent of the pad is thus obtained; and the spiral acting as a universal joint, allows the girdle to adapt the to the verying movements of the budy without disturbing

the pad."

A full description of these invaluable Trusses cannot be given in an advertisement; but it may be stated that they have been shown to several of the most distinguish

STILL THET COME.

Conswallis, July 6th, 1850.

Mb. E. Story, 3rd. S. P. Townsend's Sarsaparilla, for British Provinces.

Dasa Sm. - My wife has been declining in health for the last fifteen years with weakness and general debuty, but the last 12 months she had been getting worse and worse, being under 3 dextor 'hands and tak my vareus kinds of Medicin's, but found she was getting no laster, being or Medicines, but found she was getting no laster, being croubled with palpitation of the heart, &c.—Mer frums became emectated, and her appetite and strength insled, and she was considered, are be undoubtedly was, in the last stage of Consumption. I was informed kindly by one of her ductors that he could do nothing more for her and the property of the could be seen to able to able to the could be seen to able to able to the could be seen to able to able to able to able to able to a seen to able to able to a seen of her doctors that he could do nothing more for her and did not wish to put me to any more expense. As a last resort I purchased a hottle of your valuable barasparilla, from your agent in Kentville, Mr. B. Caikin, at the same time expecting it would be of no use. But I am free to confess that I was disappointed; my wife commenced using it, and before one bottle was exhausted she experienced a docaded relief, she has used about I bottles, and her health and strength are restored and appelling good, and re is well at night. I carnetly recommend it to suffering mankind as a valuable Medicine. You are as liberty to publish this.

Respectfully yours.

SAMULE STARR.

The above Medicine to be had at the General Ages.
